(*b*) The Registrar shall bring such application together with the documents in support thereof before the next meeting of the Council at which the application and any objection thereto shall be considered.

(*e*) the latest date and time at which and the place where the voting papers will be received, and
(*f*) the date on which and the place and hour at which the Returning Officer will commence the counting of votes.

12 The registers of registered nurses, midwives and health visitors to be maintained under section 14 of the Act, corrected up to the date just preceding the date appointed by the Returning Officer under rule 9 for the presentation of nomination papers, shall respectively form the electoral roll for the election of a registered nurse, a registered midwife and a registered health visitor under clause (*m*) of section 4 of the Act

The corrected registers shall be published at the office of the Returning Officer on the said date for the presentation of nomination papers, and no nurse, midwife or health visitor whose name is entered in the said registers of registered nurses, registered midwives or registered health visitors on or after such date shall be entitled to vote at the next succeeding elections

13 Any person whose name appears in the electoral roll for an election may be nominated as a candidate at such election

14 The nomination of every candidate shall be made by means of a nomination paper in Form II in the Appendix to these rules which shall be supplied free by the Returning Officer to any elector who may apply for the same

15 (*1*) (*a*) Every nomination paper shall be subscribed by two electors as proposer and seconder

16. On the date and at the time and place appointed by the Returning Officer for the scrutiny of nomination papers every proposer and seconder and the candidate nominated may attend, and the Returning Officer shall allow them to examine the nomination papers of all candidates which have been received by him as aforesaid

17 The Returning Officer shall examine the nomination papers and shall either of his own motion or on objection made, decide all questions which may arise as to the validity of any nomination including questions regarding the eligibility of the candidates to stand for election, and his decision on all such questions shall, subject to the provisions of rules 34 and 35, be final

18 If in any case of an election under clause (*m*) of section 4 of the Act the number of duly nominated candidates who stand for election does not exceed the number of members to be elected, under that clause the Returning Officer shall forthwith declare such candidate or candidates to be elected

19 If the number of duly nominated candidates exceeds the number of members to be so elected, the Returning Officer shall—

(*a*) cause the names and addresses of the candidates to be entered in voting papers in Form III in the Appendix to these rules; and

(*b*) publish the said names and addresses in the *Calcutta Gazette*

20 The Returning Officer shall in the case of an election under clause (*m*) of section 4 of the Act to fill a vacancy caused by the expiration of the term of office of an elected member not less than fifteen days before the last date fixed under rule 11 for the receiving of voting papers, and in the case of an election under the said clause to fill a casual vacancy, not less than seven days before such last date, send to each elector one such voting paper by ordinary post and obtain a certificate of posting in token thereof

(*a*) If an elector has not received his voting paper sent by post or if the voting paper has been inadvertently spoilt in such manner that it cannot be conveniently used as such or it has been lost, he may, on his transmitting to the Returning Officer a declaration to that effect signed by himself require the Returning Officer to send him a new voting paper in place of the one not received, spoilt or lost, and if it has been spoilt it shall be returned to the Returning Officer who shall cancel it on receipt, and

(*b*) no election shall be invalidated by reason that an elector has not received his ballot paper

21 The Returning Officer shall notify on the voting papers—

(*a*) the latest date and time appointed by him for receiving the voting papers, and

(*b*) the date, place and time appointed by him for the commencement of counting of the votes

Every elector desirous of recording his vote shall send his voting paper by registered post to the Returning Officer after recording his vote thereon in the manner specified therein, provided that voting papers which are not received by the Returning Officers on or before the latest date and time appointed by the Returning Officer for receiving the voting papers shall be rejected

22 Any duly nominated candidate may withdraw his candidature by sending to the Returning Officer a written and signed withdrawal at any time before the scrutiny and counting of votes, and it shall not be permissible for him subsequently to cancel such withdrawal

On receiving notice of such withdrawal the Returning Officer shall publish the same in the *Calcutta Gazette* if time permits or otherwise declare the fact before the commencement of counting of votes, and any votes which may be or may have been recorded on the candidate's behalf shall be void.

23 On receipt of a voting paper the Returning Officer shall endorse on the cover thereof the date and hour of its receipt

24 The Returning Officer shall attend for the purpose of counting votes on the date and at the time and place appointed by him

26 The Returning Officer shall, at the time of scrutiny, reject a voting paper which does not comply with the instructions on the voting paper, endorsing the word "reject" thereon

27 Every candidate may be present in person or may authorise a representative by writing signed by him to be present at the counting of votes

28 The Returning Officer shall, if requested to do so, show to the candidates or to their representatives the voting papers which he rejects under rule 26 as well as other voting papers but not the counterfoils

29 When the counting of votes has been completed, the Returning Officer shall forthwith declare to be elected the candidate or candidates, as the case may be, to whom the largest number of valid votes has been given

30 If any objection is made to any voting paper or to its reception or rejection by the Returning Officer at the counting of votes, such objection shall be decided at once by the Returning Officer, whose decision shall, subject to the provisions of rules 34 and 35, be final

31 When an equality of votes is found to exist between any candidates and the addition of a vote will entitle any of the said candidates to be declared elected, the determination of the person to whom such one additional vote shall be deemed to have been given shall be made by lot drawn in the presence of the Returning Officer and of the candidates or their representatives who may be present in such manner as the Returning Officer may determine

32 Upon the completion of the counting and after the result has been declared by him, the Returning Officer shall seal the voting papers and all other documents relating to the election and shall keep the same in safe custody for a period of six months and thereafter cause them to be destroyed

33 The Returning Officer shall communicate the result of the election to the President, who will then report it to the Provincial Government for requisite action under section 6 of the Act

34 The Provincial Government may, of its own motion or on objection made in writing by any elector including a candidate, declare any election that has been held to be void on account of corrupt practice (*e.g.*, bribery, undue influence, personation, publication of false statements) or any other sufficient cause, and may by notification call on the electorate to elect another person under these rules within the date fixed

under section 5 of the Act or the time referred to in section 9 of the Act as the case may be, and any decision of the Provincial Government under this rule shall be final and shall not be liable to be questioned by suit or other legal proceedings

35 (1) If any question arises as to the interpretation or application of these rules, the question shall be referred to the Provincial Government whose decision shall be final and shall not be liable to be questioned by suit or other legal proceedings Pending the decision of the Provincial Government or any such reference to it or the issue of any final orders on any inquiry which the Provincial Government may institute upon receipt of the information that an election is being or about to be held in contravention of the rules, it shall be lawful for the Provincial Government to direct the stay of the election proceedings at any stage thereof prior to the declaration of the result Any election held or continued in contravention of the orders of the Provincial Government under this rule shall be void and be of no effect whatsoever

(2) Unless it is otherwise ordered by the Provincial Government, election proceedings stayed under this rule shall, on cancellation of the stay order, proceed from the stage at which they were stayed on fresh dates to be fixed

36 Despite difference in the dates of election of members prior to a reconstitution of the Council their term of office shall begin on the date on which their names are notified by the Provincial Government under section 6 of the Act

Rules under clause (e) of sub-section (2) of section 33 of the Act

41 When information is received that a candidate for registration as a nurse, midwife or health visitor or a registered nurse midwife or health visitor (hereinafter referred to as "the respondent") has been sentenced by any Court for any non-bailable offence or has been guilty of any offence indicating professional incompetence, negligence or contravention of regulations ordinarily included in the performance of the duties of nurses, midwives or health visitors or that there are defects in her character which would render the entry or retention of her name on the register undesirable, the Registrar after making enquiries relating thereto shall lay the matter before the President

42 The President may thereupon cause a written explanation to be called for from the respondent If the President is satisfied that a *prima facie* case has been made out against the respondent, he may himself proceed with further investigation and take further evidence, taking if necessary the advice and assistance of a legal practitioner, or he may appoint a Committee of the members of the Council to make such further investigation and take such further evidence

43 When the President or the Committee, as the case may be, consider that a case for further inquiry has not been made out, the President or the Committee may decline to proceed with the matter and shall report their action to the Council at its next ordinary meeting

46 The case shall be heard at a meeting of the Council, of which at least seven days' notice shall be sent by the Registrar to each member of the Council, and the respondent shall be entitled to be represented by an agent, provided that if she intends to be represented by a counsel, vakil, pleader or attorney, not less than seven days' notice of such intention shall be given to the Registrar

49 Upon the conclusion of the inquiry the Council shall, after consideration of the evidence, whether oral or documentary, pronounce its decision forthwith or at a subsequent meeting

50 In any case if the Council by a majority of two-thirds of the members present and voting at the meeting finds the charges against the respondent to be proved either wholly or in part, it may refuse to include her name in the register or may remove her name from the register permanently or for such period as it thinks fit

51 The Registrar shall forthwith communicate the decision of the Council to the respondent by registered letter addressed to her registered address

52 In the case of a temporary removal of the respondent's name from the register, the Registrar shall delete her name from the register in which it is included during the period of such temporary removal and shall retain her certificate of registration In the case of permanent removal the Registrar shall delete the respondent's name from the register in which it is included and cancel her certificate of registration

53 (1) When the name of the nurse, midwife or health visitor has been removed from the register permanently or temporarily for a certain special period for any reason other than that mentioned in sub-section (2) of section 15 of the Act, any application for the restoration of the name of such nurse, midwife or health visitor either in the case of permanent removal or before the expiry of the term of any temporary removal shall be made in writing addressed to the Registrar and signed by the applicant, stating the ground on which the application is made

(4) If upon consideration of the application and of the evidence furnished in support of it, the Council, by a majority of two-thirds of the members present and voting at the meeting, give directions to the Registrar for the re-entry of the name of the applicant in the register, the Registrar shall, upon payment by the applicant of the prescribed fee, re-enter her name in the register and issue a new certificate to her if the certificate originally granted has been cancelled under rule 52

Rules under clause (f) of sub-section (2) of section 33 of the Act

54 The Council shall from time to time depute one or more of its members having professional qualifications to visit approved and recognised institutions with a view to ascertain the manner in which the teaching of the subjects prescribed is being conducted and training is being imparted therein, and to make recommendations to the Council regarding such education and training Every such institution shall be so inspected preferably once a year

55 A register of all institutions approved and recognised by the Council under section 23 of the Act shall be maintained in Form VI in the Appendix to these rules

The healthy condition of the collection generally has been well maintained There were no epidemics of any kind, but there were a few sporadic cases of foot and mouth disease Among the numerous important births special mention may be made of the Gayals, Barbary sheep, Arabian baboons, Scarlet Ibis, Mute swans, etc This year again a white-browed Gibbon was born in December, and is thriving on the island enclosure. Casualties amongst the birds have been normal and the collection of animals and birds is up to standard

The following new works were undertaken during the year:—

(1) *No. 4, Alipore Road (Hermitage)*—There being no modern sanitary arrangements, these were installed in four out of five bath-rooms. The house has been leased out to an approved party under agreement upon Mr Marshall vacating the premises

(2) *Duck House*—With a view to render the house proof against vermin the old structure was dismantled and a new cement brick wall, 6 feet high on the northern side and a dwarf cement wall round the whole house were constructed A new island was constructed of brick in the centre, and was planted with reeds and Napier grass The old octagonal wire-netting was replaced by interlinked netting specially imported from England The steel structure was painted, and the link netting was treated with Bowranite anti-corrosive paint The whole house has now been thoroughly re-modified, and made vermin proof

(3) *Boat House*—Owing to the partial destruction of this enclosure due to a falling tree, it was decided to rebuild it entirely with reinforced concrete covered with link wire-netting This is the first occasion on which ferro-concrete has been used as a substitute for iron frame work with a view to eliminate continual repair

(4) *Hospital shed*—The old and delapidated shed was dismantled and a new slant roof of reinforced concrete was constructed and a perforated water-pipe fixed throughout its length to facilitate cleaning

(5) *Sarnomoyi House*—Due to increase in the collection of smaller birds in the aviaries of this house, a new reinforced concrete shed was added to the southern side and this was partitioned into 6 compartments with ¾" mesh, 21 gauge galvanized wire-netting, imported from England

(6) *Ostrich and Emu Enclosure*—Three partitions have been made in this enclosure and the old netting has been removed and replaced by link wire fencing

(7) *Rhea Enclosure*—The old wire-netting of this house has been replaced.

(8) *Pheasant House*—Cage No 27 was thoroughly paved with cement and bricks and is now rat proof

(9) *Bird of Prey House*—Repair of this house was taken in hand and the work completed The divisions at either end were removed One portion was reserved for the cockatoos from the Sarnamoyi House and another for a mixed collection of raptorial birds

(10) *New Monkey House*—The angle iron of the structure and doors which was old and worn out was replaced and treated with green paint

(11) Several of the other aviaries and enclosures were also treated with black "Bowranite" paint

(12) The old wire-netting in various houses and enclosures was replaced by specially imported link-wire netting The discarded wire-netting was utilized in fencing the north and east boundary of Begunbari land along Tolly's Nullah

(13) Necessary patch repairs were done to several other buildings in the Garden.

(14) The waste land on the eastern side of the Begunbari was thoroughly cleaned and filled up and added to the vegetable garden

(15) A sum of Rs 4,000-14 has been invested in 5-year Post Office Cash Certificates to the face value of Rs. 4,540 to meet a part of the cost of repairs to roads and buildings of this Garden

Financial position.—In spite of the 20 per cent cut in the Government grant and the fact that no Fancy Fair was held in the Zoo, the financial condition of the Garden during the year under review continued to be satisfactory This is due to the fact that rigid economy was observed in all departments throughout the year particularly in the purchase of new animals.

A comprehensive programme of improvements and repairs will have to be undertaken soon and it is hoped that Government will see their way to restore the grant in full

Visitors.—The following is a comparative statement of visitors and receipts for the last four years —

	Visitors	Receipts.	
		Rs	a
1933-34	911,621	59,812	4
1934-35	1,011,616	65,055	0
1935-36	919,172	57,477	11
1936-37	889,099	55,622	12

Calcutta Corporation.—The Corporation of Calcutta sanctioned a grant of Rs 26,233-6 to the Garden for the year under report and the amount of the rate bills in respect of the Garden was adjusted against this grant as the rate bills fell due The Committee desire to express their thanks to the Corporation of Calcutta for their generous contribution. As regards the amount of Rs 4,328-8 referred to in last year's Report being the unadjusted balance on account of rates and taxes for the year 1934-35 when the Corporation reduced their grant by 16½ per cent , the Committee made a representation to the Corporation to restore their grant in full for the above year and in view of the fall in the entrance receipts, etc , it is earnestly hoped that the Corporation will accede to this request

A number of children under four years of age and school children attended by their teachers were admitted free In addition 57,450 persons visited the Garden on free days A detailed statement of the number of visitors and receipts appears in Appendix B

The thanks of the Committee are due to those ladies and gentlemen who have made gifts to the Zoological collection A list is given in Appendix C Thanks are also due to those who kindly offered to present animals to the Garden, but whose offers could not be accepted either because the particular species was already sufficiently well represented or owing to want of accommodation.

The Committee also desire to express their thanks to the following Railways and Steamer Companies for kindly conveying animals belonging to the Garden free of charge—

(1) British India Steam Navigation Company.

(2) East Indian Railway

(3) Rivers Steam Navigation Company, Limited

The Flower Garden was well maintained, and there was a particulrly good show of annuals An outstanding feature was the exhibit of dahlias, for which, as for many other gifts and services the Committee wish to record their indebtedness to Mr W K Dods The Garden was awarded several prizes for exhibits sent to the Agri-Horticultural Society's annual exhibition

Thanks are due to the Commanding Officers of the 2nd Battalion, 7th Rajput Regiment, stationed at Alipore, for permitting their regimental band to play at the Garden on Tuesday afternoon, free of charge, from 1st January 1937 to 31st March 1937

The Committee is also greatly indebted to those members of the public who sent old or broken down horses to the Zoological Gardens, where they were destroyed under the most humane conditions

Resolution on the annual progress report on the forest administration in the Presidency of Bengal for the year ending the 31st March 1937.

GOVERNMENT OF BENGAL.

Forest and Excise Department.

Forests.

Calcutta, the 20th January 1938

RESOLUTION—No 1501For

Read—

The annual progress report on the forest administration in the Presidency of Bengal for the year ending the 31st March 1937

Read also—

The reports of the previous three years and the Government resolutions thereon

The post of the Conservator of Forests, Southern Circle, which was held in abeyance for a period of three years, was revived from the 1st March 1937, and Mr E A Modder took over charge of the Circle from the 13th March 1937

Mr W Meiklejohn held charge of both the Circles till 12th March 1937 and of the Northern Circle throughout the year The headquarters of the Conservator of Forests, Bengal, were transferred from Alipore (Calcutta) to Darjeeling with effect from the 1st March 1937

2 *Area*—The total area of reserved forests in Bengal increased from 6,468 to 6,469 square miles The area of (i) protected forests, (ii) unclassed State forests and (iii) leased lands remained unaltered The total area of forests in the Presidency thus increased from 12,291 to 12,292 square miles (including leased lands)

3 *Communications and buildings* Owing to want of funds, no new roads were constructed, and only two small bridges, both in the Chittagong Hill Tracts Division, were constructed The total expenditure incurred on the construction of new buildings was Rs 26,475 against Rs 30,701 in the previous year

4 *Working Plans*—The revised Working Plan for the Kalimpong Division was printed during the year and the administrative approval of Government was accorded to the revision of the Working Plans for the Darjeeling and Kurseong Divisions The prescriptions of the existing Working Plans were followed as far as practicable and deviations were sanctioned where necessary In the Chittagong Division, the existing Working Plan, which was due for revision in 1933-34, was followed pending the preparation of a new one In some cases, advance prescriptions of the new Plan were adopted

A scheme for the formation of a Working Plan Division was administratively approved during the year This is a most important scheme for improving the management of the reserved forests

5 *Damage from natural causes*—As usual, there was injury to standing timber and to plantations from insects, fungi, weeds and climbers, but there was continuous effort to keep these pests under control As usual, also, there was damage to plantations by elephants and other wild animals There were several landslips during the year besides damage by river erosion, most noticeably in the blocks of forest beside the Mechi river River erosion seems to have been accelerated by deforestation of the upper watersheds of rivers in places outside British India

6 *Utilisation*—The value of the total outturn of produce extracted departmentally was Rs 2,09,984 against Rs 3,95,112 in 1935-36

The Forest Utilisation Officer, Bengal, made endeavours to find markets for purchasers' timber and for timber extracted departmentally. His work was unfortunately hampered by a falling off in supplies of miscellaneous timbers other than Sal and Garjan.

The timber used in the new Government House, Darjeeling, has stood up to local conditions in Darjeeling, and it can now be said that the experiment of using nothing but Bengal timber in this building has been a great success.

7 *Revenue and expenditure* —The revenue, expenditure and surplus are compared below with those of the previous year —

	Revenue	Expenditure	Surplus
	Rs	Rs	Rs
1935 36	20,10,406	15,53,316	4,57,090
1936 37	18,35,757	14,97,967	3,37,790

The decrease of revenue was mostly in the Northern Circle, where there was a decline from just under Rs 10¼ lakhs in 1935-36 to slightly over Rs 9 lakhs in 1936-37 This was partly due to curtailment of departmental operations and partly to a reaction from the revival in the timber market in 1935-36 There was keen bidding in that year, and many buyers made a loss Consequently they were somewhat shy in 1936-37, and rates fell

In the Southern Circle, revenue was well maintained There was a decrease on paper of Rs 29,000, but actually there was an increase in working profits, and the apparent decrease is due to the payment to the proprietors of the Bhowal forests of about Rs 50,000 representing the net profit on the management of those forests during 1935-36

8 *General* —During the year, 25 persons were killed by tigers against 29 in the previous year, 13 persons including 2 children by elephants against 6 in 1935-36, 4 persons by bears and one by a leopard.

Rs 2,900 were paid as rewards for killing tigers during the year and Rs 40 for two tigers killed outside the reserved forests

The Shooting and Fishing Associations continued to function during the year and took a keen interest in the preservation of game The collection of tolls for fishing in the Reserved Forests of the Sundarbans Division continued and Rs 13,613 were realised as against Rs 15,618 in the previous year

The thanks of the Governor are due to Messrs Meiklejohn and Modder for their efficient administration of the Forest Circles His Excellency also notices with pleasure the record of good work done by other officers of the department mentioned in the report

Order —Ordered that a copy of the above resolution be published in the *Calcutta Gazette*

Ordered also that a copy of the above resolution be forwarded to the Senior Conservator of Forests, Bengal

By order of the Governor,

O M MARTIN,

Secy to the Govt of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 29th January 1938

Final Forecast of the Sugarcane Crop of Bengal, 1937-38.

(*Note*.—On an average of the five years ending 1935-36, the area under sugarcane in Bengal has represented some 7·5 per cent of the total area under sugarcane in British India.)

Character of the season.—After the issue of the second forecast, the weather has been generally favourable. Some damage was however caused to the crop by storm and insect pests in places. Harvesting operations are being carried on satisfactorily and the outturn is expected to be fairly favourable for the province.

Acreage.—The total area planted is estimated at 290,100 acres this year as against 354,800 acres last year.

Outturn.—According to the estimates of the District Officers, the average outturn of the crop for the province works out at 84 per cent of the normal this year as against 89 per cent. last year.

Taking 54 maunds as the normal yield of cane gur per acre, the gross outturn for the province is estimated at 483,400 tons this year as against 626,400 tons (revised) last year.

Other sources of gur.—The total quantity of gur likely to be obtained from date palm juice and other sources is estimated at 103,400 tons this year as against 105,700 tons last year.

The quantity of gur for the province from all sources is thus estimated at 586,800 tons this year as against 732,100 tons (revised) last year.

M. CARBERY,

Director of Agriculture, Bengal.

This will take effect from the 25th February 1938

Rules and schedule of rates of tolls.

1 Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable, in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf

2 Vessels for the purpose of determination of maundage shall be divided into two classes as below —

Class I —To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc

Class II —To include steam boats, motor boats, flats and barges and other square-built vessels

3 The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B C) of 1864 and of these rules, be determined by the following measurements —

Class I

A The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied

B The measurement of the length is to be made in feet, rejecting inches, the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot

C The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds

D *Saltees* —The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied

Class II

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space

For vessels of class II which are furnished with reliable way bills the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which

must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel

5 Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current

6 All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed

7 The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act

8 Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket

9 All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time

10 The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given, but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained

Where the decree is for the payment of money execution by detention in prison shall not be ordered unless after giving the certificate debtor an opportunity of showing cause why he should not be committed to prison, the certificate officer, for reasons recorded in writing is satisfied,—

(*a*) that the certificate debtor, with the object or effect of obstructing delaying the execution of the decree,—

(*i*) is likely to abscond or leave the local limits of the jurisdiction of the court, or

(*ii*) has, after the filing of the certificate before the certificate officer, dishonestly transferred, concealed, or removed any part of his property, or

(*b*) that the certificate debtor has or has had since the date of the filing of the certificate, the means to pay the amount for which the certificate has been issued, or some substantial part of the amount covered by the certificate and refuses or neglects or has refused or neglected to pay the same,

The Bengal Public Demands Recovery (Amendment) Bill, 1937

(Clauses 5—10)

Explanation – In the calculation of the means of the judgment debtor for the purpose of clause (*b*) there shall be left out of account any property which, by or under any law or custom having the force of law for the time being in force is exempt from attachment in execution of the decree,

(*c*) when a certificate debtor appears before the certificate officer in obedience to a notice under this section to show cause, the certificate officer shall proceed to hear the certificate holders and take all such evidence as may be produced by him in support of his application for execution, and shall then give the certificate debtor an opportunity of showing cause why he should not be committed to the civil prison,

9. The following shall be added as rule 14 of schedule of the said Act "Any money or dues payable to a local authority such as Municipality, District Board or Local Board."

10. In the first line of the sub-section of section 77, the word "may" after the words "The certificate officer" shall be replaced by the word "shall".

STATEMENT OF OBJECTS AND REASONS.

This Bill seeks to amend the Bengal Public Demands Recovery Act, 1913, so as to protect honest debtor from detention in civil prison and to confine such detention to debtors proved to be recalcitrant or fraudulent and dishonest It also provides that no order for execution by detention or imprisonment shall be issued unless the debtor has been given an opportunity of showing cause why he should not be committed to prison and the certificate officer is satisfied for reasons recorded on writing that (i) the certificate debtor is likely to leave the local limits of the jurisdiction of the court or has after the filing of the certificate fraudulently disposed of his property and (ii) that he is able to pay the amount of the certificate debt otherwise than from the protected assets In this no new departure is made The Government has already adopted this principle as the outcome of the recommendation of the Royal Commission on Labour and the Act No XXI of 1936 has already been passed by the Central Legislatures embodying similar provision in the Civil Procedure Code Secondly, it seeks to reduce the rate of interest charged under section 22 of the Act by half This is necessary owing to distress prevailing in the country and owing to the fact that on account of this present high rates of interest the certificate debtor or the person affected by the sale cannot get the sale set aside by making deposit It often happens that the deposit is made one or two years after from the date of the certificate and the interest accumulates at the present high rate The present high rate is causing great hardship to the certificate debtors The Government of Bengal has already accepted this principle by reducing the interest under the Bengal Tenancy Act of 1928 from 12 *per cent* to 6¼ *per cent* in the proposed Bengal Tenancy Amending Act (already published in the *Calcutta Gazette* of 27th August, 1937) Thirdly, it seeks to repeal sections 60, 62, 63 and 64 from the Act This is necessary to give relief to the cultivators and tenants and more so as the Government has already proposed in the above-mentioned amending Act to do away with Chapter XIIIA of the Bengal Tenancy Act So these sections have to be repealed for the best interest of the *raiyats* Fourthly, it further seeks to give power to the local authority to realise their dues under the provision of the Act It will be advantageous both to local authorities and provisions affected as it will minimise to large extent cost of realization

NOTIFICATION

No 2428 L C —8th February 1938 —In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84 (3) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 27th January 1938, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL NON-AGRICULTURAL TENANCY BILL, 1937.

A
BILL

for protection and welfare of tenants holding lands in permanently-settled estates for non-agricultural purposes

WHEREAS it is necessary to compel the proprietors and tenure-holders of permanently-settled area to conduct themselves with good faith and moderation towards their non-agricultural tenants,

It is enancted as follows -

1. This Act may be called the Bengal Non-Agricultural Tenancy Act, 1937

2. It shall apply to permanently-settled areas of the whole of Bengal

3. It shall come into force with effect from 1st April 1938

4. *Definition*—Non-agricultural raiyat means any person holding land for non-agricultural purposes whether for homestead, shop, godown and factory or for any other purpose except for agriculture and horticulture or for subletting to under-tenants

5. In spite of any contract between parties or in spite of anything in the Transfer of Property Act of 1882 non-agricultural raiyats shall not be liable to ejectment except (*a*) for using the land in such a manner as to lower its value subtantially or (*b*) for sub-letting it

Provided however that a non-agricultural raiyat not liable to ejectment according to any terms of contract between parties or in accordance with the existing law shall not be liable to ejectment by virtue of this section

Explanation.—Sub-letting shall not include temporary letting out of buildings, godowns and factories by a non-agricultural raiyat, but it shall include temporary or permanent leasing out of land for construction of any structure (building, godowns or factory) by a sub-tenant

6. In spite of anything in a contract or any custom, the rent of a non-agricultural raiyat's holding shall not be enhanced except under the provisions of this Act.

7. The rent of a non-agricultural holding unless definitely settled as mokarari or fixed in perpetuity shall be liable to enhancement, or reduction or revision after every 10 years according to the following principles —

(*a*) Enhancement shall not be made at any time at more than 2 annas in the rupee of old rent

(*b*) The maximum rent of a non-agricultural holding after enhancement shall not be more than ½ per cent on the market value of the land (exclusive of structure or improvements effected by the tenant) for the time being

(*c*) When the existing rent is found to work out at more than 1 per cent on the market value of the land, it shall be reduced to 1 per cent

The Bengal Non-Agricultural Tenancy Bill, 1937.

(Clauses 8, 9)

8. Non-agricultural raiyats' lands shall be transferable without landlord's consent, but a mutation fee at the flat rate of Rs 5 shall be payable to the entire body of landlords and unless this amount together with costs of transmission be paid to the Registering Officer, no such transfer deed shall be registered

9. Landlords of non-agricultural raiyats' holdings shall, on receipt of the notice of mutation through Collector, register the mutation.

STATEMENT OF OBJECTS AND REASONS.

In paragraph 5 of Article VI, section 7 of the Permanent Settlement Regulation (Regulation I of 1793), it was definitely laid down that the proprietors of lands were expected "to conduct themselves with good faith and moderation towards talukdars and raiyats" and in the first clause of the succeeding Article (section 8, Article VII), it was definitely laid down that "it was the duty of the ruling power to protect all classes of people particularly the most helpless" and reserved the right of enacting laws for such protection In accordance with these declarations Bengal Tenancy Laws were enacted from time to time for protecting the agricultural raiyats but unfortunately nothing has so far been done to give any protection to the non-agricultural raiyats who also owing to their very helpless condition require as much protection as the agricultural raiyats In the absence of any law, most of the landlords of non-agricultural raiyats even in permanently-settled areas have been conducting themselves most cruelly and inhumanly and have been squeezing out money from such tenants and their purchasers mercilessly regardless of the fact that permanent settlement given them was a boon of which the benefit was to some extent at least to be transmitted to their under-tenants It is time now that the tyranny of the oppressive landlords should be stopped and definite laws enacted regarding the rights and liabilities of non-agricultural raiyats in permanently-settled area The present Bill has been drafted for giving the necessary protection to the non-agricultural tenants

The final order of courts established under this Act shall be executed as decrees within the meaning of the Code of Civil Procedure

STATEMENT OF OBJECTS AND REASONS.

So long certain matrimonial disputes under the Muhammadan Law used to be decided on a petition by the District Judge who was considered to be the successor of the Kazi under the Muhammadan Law: Recently the High Court of Calcutta held that the District Judge is not the Kazi and in fact the office of the Kazi has not been retained and so all questions, requiring adjudication regarding marriage, has to be brought before the Original Civil Court, as a suit, having jurisdiction. This course will involve delay in decision and in most cases there will be 1st appeal and 2nd appeal and will take its turn as an ordinary civil suit In most matrimonial disputes the remedy thus obtained will defeat itself by delay in obtaining it. Hence, it is desirable to introduce machinery for a quicker disposal of such disputes by a more competent authority.

NOTIFICATION

No 2431L C —9th February 1938 — In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84(3) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 27th January 1938, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto

THE BENGAL MONEY-LENDERS' (AMENDMENT) BILL, 1937.

A
BILL

to amend the Bengal Money-Lenders' Act, 1933 (Act VII of 1933)

WHEREAS it is expedient to amend the Bengal Money-Lenders' Act for allowing further relief to the debtors,

It is enacted as follows —

1. This Bill may be called the Bengal Money-Lenders' (Amendment) Bill, 1937

2. It extends to whole of Bengal

3. It shall come into force as soon as it receives assent of the Governor.

4. In the 4th and 5th line of section 3 of the existing article for "fifteen *per cent*" and "twenty-five *per cent*", "6¼ *per cent*" and "9⅜ *per cent*," respectively, shall be substituted

5. In the 2nd line of section 5 for "ten *per cent*" the phrase "5 *per cent*" shall be substituted

6. A new section 6A shall be added after section 6, as follows —

"6A Civil Courts decreeing claims in respect of dues on bonds and mortgages shall ordinarily allow not less than 15 annual instalments for satisfaction of decree if the debtor is an agriculturist (having agriculture as the main source of income), and not less than 10 instalments in case of other debtors"

STATEMENT OF OBJECTS AND REASONS.

The Bengal Money-Lenders' Act (Act VII of 1933) requires amendment in view of the fact that the entire outlook of the country has undergone considerable change since the passing of the Act and the considerate and prudent section of creditors are now satisfied with reasonable interest The general rate of interest has also gone down considerably and in many cases old creditors instead of taking stand on the terms of bonds or mortgages are showing inclination to be satisfied with any reasonable amount Only lately by a Government Bill the rate of interest even on decreed rent has been reduced from 12½ *per cent* to 6¼ *per cent* It will be only reasonable and proper therefore to reduce the rate of interest on secured loan from 15 *per cent.* to 6¼ *per cent* and that of unsecured from 25 *per cent* to 9⅜ *per cent.* The rate of future compound interest on loans should also be reduced from 10 *per cent* to 4 *per cent* Provision has been made for these reductions in the present Bill Provision has also been made for granting easy instalments to all judgment-debtors, particularly to agricultural debtors

8. (*i*) The following clause to sub-section (*1*), section 26, shall be added, namely:—

"(*3*) The president of every union board shall be a registrar of births and deaths for his union which shall be a district for the purpose within the meaning of section 2 of the Bengal Births and Deaths Registration Act."

STATEMENT OF OBJECTS AND REASONS.

That though the Bengal Village Self-Government Act was passed and brought into operation in 1919 with the object of developing the system of self-government in rural areas, yet for want of funds the scheme has proved to be a futility and a farce In the absence of adequate funds, the real object could never be and has not been realised. The Act, however, has made the maintenance of the entire force of village chaukidars and dafadars a charge upon the resources of the union The system of part-time village police might have served a useful purpose at the earlier stage of police organisation, but has now lost all its usefulness. For all the nominal and even doubtful service they render, the chaukidars and dafadars amongst themselves absorb practically the whole income of the union board, leaving a trifling amount to meet all real village works, viz., road, sanitation, water-supply, etc. The average income of a village union is about Rs 1,600 or Rs 1,700 per year, and chaukidars and dafadars absorb about Rs 1,300 to Rs 1,400 per year If in the circumstances the number of chaukidars and dafadars are substantially reduced and one or two or even in places three whole-time peons are appointed, the union board work will be more economically and at the same time substantially performed, and the resources of the union may be made to go to the establishment of village dispensaries, removal of water scarcity and effecting other improvements within a reasonable period of time

With this end in view it is proposed to reduce the present strength of the chaukidars and dafadars immediately and to such an extent that the board shall not spend more than a fixed percentage of its income towards their maintenance Consequential amendments to some other sections are also proposed

NOTIFICATION

No 2433L C—9th February 1938—In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84(3) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 27th January 1938, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE EASTERN BENGAL AND ASSAM DISORDERLY HOUSE AMENDMENT BILL, 1937.

It is hereby enacted as follows —

This Act may be called the Eastern Bengal and Assam Disorderly House Amendment Act, 1937

1. In section 2, sub-section (*a*) in the third line, after word " students " add "or in the vicinity of any mosque, temple or church or any other place of public worship or in the vicinity of the quarters of the respectable residents of a Municipal area "

2. In section 3 substitute word "shall " in place of "may" wherever it occurs in this section and at the end of this section after words "such use" add "and he shall further direct the prostitute or prostitutes to be removed to such place or places as he thinks proper for the best interest of the public morality "

3. In section 4 in the first line after word "occupier" add the words "the prostitute " and substitute " shall " for word "may" wherever it occurs in this section.

5. In section 7, in the third line after words "to be discontinued" add words "and the prostitute or prostitutes to be removed."

Add the following as sections 8, 9, 10 and 11

(8) If in the opinion of the commissioners of any municipality it is deemed necessary for the sake of public good, to remove the prostitutes or persons practising prostitution from particular quarter or quarters within a municipal area to a particular place or places within or without municipal area to be selected by them, the commissioners shall have power to serve notices upon the individual prostitutes or persons practising prostitution giving 6 months' time to remove herself or themselves to the place or places selected by them for her or them Provided that on receipt of such notices, the persons affected thereby shall have right to file objections against the orders contained in the foregoing notice or notices The commissioners shall appoint a special committee consisting not more than 5 municipal commissioners to hear and decide such objections in the presence of the parties

The Eastern Bengal and Assam Disorderly House Amendment Bill, 1937.

(Clause 5.)

(10) If the notice mentioned in section 8 is not cancelled by the special committee, the municipal commissioners shall serve another notice or notices upon the prostitute or prostitutes in question to remove herself or themselves to the place or places selected by the municipal commissioners for her or their residence.

(11) If after the expiry of the period mentioned in the notices served under section 8 or 10, the prostitute or prostitutes do not comply with the notices, she or they shall be liable to pay a daily fine not exceeding Rs 10 a day till she or they remove herself or themselves to the selected sites or places

STATEMENT OF OBJECTS AND REASONS.

There are no two opinions in this matter that the prostitution should be regulated in the interest of public good As the law stands, the Municipal bodies have got very little power in this respect The clauses 8 to 11 are proposed to be added to the Act in question with a view to give necessary power to localise this necessary evil in some particular locality. It is desirable that no prostitute should be allowed to live near about a place of public worship and in the vicinity of respectable quarter. With this purpose in view, the addition are proposed in the Act.

STATEMENT OF OBJECTS AND REASONS.

The aim and object in introducing this important piece of legislation is to ameliorate the condition of shopkeepers and their assistants and all connected with business life of this province. Whereas great improvement has been brought about by means of legislation in the case of other workers, this special class has been overlooked to the detriment of the entire populace In the absence of proper legislation, the shopkeepers have taken undue advantage which has resulted in great hardship for all concerned In Europe people realised the importance of such legislation and there is now hardly any civilised country without such laws In recent years, due to the activities on the part of International Labour Office of the League of Nations, similar legislation has been adopted in many other countries, such as, Gibralter Malta, Cairo, Tanganaica, and Indo-China in the East Government of India is a member of the League of Nations but has not ratified the Conventions adopted by the League in respect of this class of workers

Recently public mind has been very greatly agitated on this subject and it has been revealed that in the absence of such laws, very great mortality has occurred among the shopkeepers and their assistants It is shown that due to unlimited hours of work in the shops, tuberculosis has taken a terrible toll from among this class of workers due mainly to their congested state of life Without fresh air exercise or any recreation, their health has suffered greatly and it is not possible to let such conditions continue without great risk to life and happiness of so many thousands of shopkeepers and their assistants

The shop assistants as every one knows is an important link between dealer and consumer, dealer and manufacturer and between country and country He has to interpret the quality of merchandise to the consumer which results in great turn over of business throughout the length and breadth of all the countries of the world

His work is most tiresome as during his working hours he has to stand on his legs for all the time, run up and down in the shop to serve right things to the right persons which entails great brain work and fatigue He has to make himself useful in all branches of his work and at times has to stand the fury of his customers which may not be due to his fault

In other countries there is a graded system of wages which gives a shop assistant resonable wage to live and lead a good life Here in India, there are instances where a shop assistant after a hard work for 20 or 30 years, does not sometime get sufficient wages for even the bare necessities of life There are several thousands of well educated persons who do not get even ten or fifteen rupees per month and there are others who get nothing more than two meals per day

It has also been thought necessary to prescribe a minimum age of employment, for of all types of work, that of the shop assistant is, for reasons stated hereinbefore, perhaps the most detrimental to the health, well-being and development of young persons

No 2435L.C.—9th February 1938 — In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84(*3*) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 27th January 1938, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE INDIAN BAR COUNCIL (AMENDMENT) BILL, 1937.

A BILL

to amend the Indian Bar Council Act, 1926

WHEREAS it is expedient to remove certain restrictions and disabilities at present suffered by a class of advocates which prevent them from practising on the Original Side of the High Court of Judicature at Fort William in Bengal, and to give them all facilities henceforth as if no such restrictions exist,

It is hereby enacted as follows —

Preliminary.

1. This Act may be called the Indian Bar Council (Amendment) Act of 1937

2. It shall come into force immediately and shall apply to all advocates including advocates whose names appear on the roll of the Bar Council on the day on which this Act is passed

3. In section 9, sub-section (*4*)—

(*a*) "High Court" shall be substituted for the words "High Courts" wherever they occur in the sub-section, and the word "that" shall be substituted for the word "those" wherever it occurs in the said sub-section, the word "its" for the word "theirs" occurring after the words "respectively in exercise of" and the word "it" for the word "they" occurring after the words "to grant or refuse, as", shall be substituted

(*b*) The words "at Fort William in Bengal and" occurring in the said sub-section shall be omitted

4. (*a*) After the words "in the High Court" in clause (*a*) of the sub-section (*1*), section 14, the following shall be inserted, namely —

"(including the Original Side of the High Court of Judicature at Fort William in Bengal)"

(*b*) The following words in sub-section (*3*), section 14, shall be deleted, namely —

"Of the High Court of Judicature at Fort William in Bengal or" occurring after the words "shall be deemed to limit or in any way affect the power"

STATEMENT OF OBJECTS AND REASONS.

One of the main objects of the measure which finally took shape as the Bar Council Act of 1926 was the unification and eventual autonomy of the legal profession; and as this might be immediately attainable in respect of most of the High Courts it was expressly stated that at present the largest degree of unification possible should be effected in all High Courts by creating a single grade of practitioners. This last mentioned object has been effectively realised in all the High Courts except only in the High Courts of Bombay and Calcutta. Certain distinction has been kept up by the High Courts in question under powers given to them to make rules and lay down certain qualifications for persons who want to practise on the Original Side. It had been expected that the High Court in question shall have time to bring about the desired change by degrees. It is perfectly clear, however, that the courts are too conservative by tradition to undertake the removal of the special privileges enjoyed by a class of the profession. The change if at all must be enacted directly by the legislature.

Accordingly it is proposed to amend the Indian Bar Council Act of 1926 in such a manner as will give effect to the purpose previously mentioned, and bring all the members of the Calcutta Bar on the same level as the members of all other High Courts besides Bombay.

It is hereby enacted as follows.—

1. This Act may be called the Bengal Money-lenders (Amendment) Act, 1937

3. For section 4 of the said Act, the following section as section 4 shall be substituted "Notwithstanding anything in any other Act, where in any suit or proceeding in respect of any money lent by a money-lender before the commencement of this Act it is found that the interest accruing on the money lent amounts to a sum greater than the principal of the loan, the court shall limit the amount of such interest payable on the loan to an amount equal to 2/3rds of the principal of the loan "

17. Omit sub-clause (*a*) from sub-section (*2*) of section 18.

18. Omit section 21 and section 17A.

STATEMENT OF OBJECTS AND REASONS.

It is universally admitted that there is a necessity of a great improvement in the condition of primary education in Bengal.

There is a great demand for free and compulsory primary education which is the foundation on which alone a nation's progress in all spheres of life rests, and it is thought the only remedy for the removal of mass illiteracy To remedy this state of affairs the Primary Education Act, for which Mr Surendra Nath Roy was the author, was passed in 1919 and though more than 16 years have passed, it has produced very little effect Out of 128 Municipalities only one Municipality, viz., Chittagong, has introduced free and compulsory primary education, and that also for boys only, because the option in the matter was left to the discretion of local bodies. Similarly the scheme prepared by Mr. Biss under which Government undertake to pay half the cost, both capital and recurring, of primary education in any town has made little headway and because local bodies have proved reluctant to find even half the necessary funds So it is necessary that some much more drastic and effective steps should be taken to compel the Muicipalities to introduce free and compulsory primary education in the course of 5 years

The main objects of this amending Bill are—

(*1*) To provide compulsory attendance at school of all children of ages between 6 to 11 years within the course of five years

(*2*) To make provision for religious instruction in primary schools

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 4th February 1938.

Third and Final Forecast of the Winter Rice Crop of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under winter rice in Bengal has represented some 20·7 per cent of the total area under winter rice in India)

Character of the season —Since the issue of the second forecast in December the weather has been generally dry and favourable for harvesting operation.

Acreage —According to District Officers' estimates, the total area under winter rice is 15,922,500 acres as compared with 15,803,600 acres of last year.

Outturn.—From the summary of the district returns appended, it will be seen that two districts report a bumper crop, six districts a normal crop, nine districts a crop varying from 92 to 95 per cent and the remaining ten districts below 92 per cent. of the normal. According to the above estimates the provincial outturn works out to 94 per cent of the normal as against 106 per cent. of last year

Accepting 94 per cent as the provincial outturn, the gross yield of the crop, on the basis of a normal yield of 12½ maunds of clean rice (husked) per acre, is estimated at 6,872,700 tons this year as against 7,692,200 tons (revised) in last year

NOTIFICATION

No 2724L C — 21st February 1938 — In pursuance of the provisions of rule 21 of the Bengal Legislative Council Rules, as modified and adapted under section 84(3) of the Government of India Act, 1935, the following Bill which was introduced in the Bengal Legislative Council on the 27th January 1938 is hereby published for general information together with the Statement of Objects and Reasons annexed thereto

2 Notification No 2437L C, dated the 9th February 1938, published in the *Calcutta Gazette* of the 17th February 1938, and the annexure thereto are hereby cancelled

THE BENGAL (RURAL) PRIMARY EDUCATION AMENDMENT BILL, 1937.

A

BILL

further to amend the Bengal Rural Primary Education Act, 1930

WHEREAS it is expedient to amend the Bengal (Rural) Primary Education Act, 1930, in the manner appearing hereafter;

It is hereby enacted as follows:—

This Act may be called the Bengal (Rural) Primary Education Amendment Act of 1937

1. In section 4, clause (*a*) substitute "the Special Officer for Primary Education" in place of "the Director of Public Instruction" and "one should be a lady specially interested in education."

2. Omit clause (*a*) from section 6 and renumber the other clauses as clauses (*a*) (*b*) and so on

3. At the end of section 20 after the words "by law" add "but an appeal shall lie to the Government against the decision of the Commissioner"

4. In section 56, substitute the word "shall" in place of the word "may" wherever it occurs in this section

5. Substitute for section 57 the following as section 57.—

"No fee shall be charged by any primary school under public management in any area in which primary education has been declared compulsory or when the provision of this Act have been extended and cess imposed in any area even before primary education be declared compulsory Provided that the local Government at the recommendation of the District School Board may allow the levy of fee in any school not publicly managed in any area in which the education cess has not been imposed"

6. In section 63, sub-section (*1*), after the words "five rupees" at the end add "and a daily fine not exceeding annas 4 a day for the day or days the direction issued under sub-section (*2*) of section 62 is not complied with without any reasonable ground"

7. In section 64 in the third line after the words "at least" substitute the word "three" in place of "one".

STATEMENT OF OBJECTS AND REASONS.

The main objections of the proposed amendments are : (1) to increase the hours of religious instructions from one to three hours, (2) to make provision for imposition of a daily fine in case of continued default in complying with the directions of the court issued under sub-section (2) of section 62, and (3) to provide necessary option to local Government to permit the privately managed institution to levy fee in those areas where education is declared compulsory without imposition of education cess and to make other minor modifications for the interest of efficient primary education

The period of one hour in a week provided in the original Act is too inadequate and insufficient even for imparting a semblance of religious education. In Chittagong Municipality where religious education has been made compulsory, 5 hours have been provided without any hindrance to study of general subjects and the general efficiency has not been affected thereby in any way. In the province of Madras and elsewhere by recent amendment, local option has been given to impose fee in privately managed primary schools even then the primary education has been declared compulsory and the report goes that it is working well

RESOLUTION—No 693M

Calcutta, the 25th February 1938

The attention of Government has been drawn to the unsatisfactory state of affairs that has been prevailing for some time past in the administration of the Baduria municipality in the district of the 24-Parganas It appears that there are two rival parties among the Municipal Commissioners and that party spirit has become so rampant among them that even the normal administration of the municipality is not being allowed to be carried on properly It appears that the Chairman is practically an absentee and that the Vice-Chairman is not able to manage the affairs of the municipality properly The party in opposition succeeded in securing a majority and, at the meeting of the Municipal Commissioners held on 31st October 1937, carried a resolution inhibiting the Chairman and the Vice-Chairman from the exercise of their powers under section 51 of the Bengal Municipal Act Repeated attempts were made by the local officers of Government to bring about an amicable settlement between the parties, but these proved of no avail. The Chairman and the Vice-Chairman, although their party is in a minority, would not resign so as to remove the deadlock, and the party in opposition has not also the two-thirds majority necessary for their removal. Nor would the parties agree to come to a mutual understanding in the interests of the ratepayers whom it is their duty to serve.

2 The financial condition of the municipality is not sound as is evidenced by the Audit Report of the municipality for the year 1936-37, which shows that the liabilities exceeded the assets by Rs 3,408 The present Medical Officer and his salary have been made the subject of violent party faction It is reported that, if the present situation continues much longer, the dispensary will have to close down Its funds are reported to be already insufficient for meeting the Medical Officer's salary and for supplying a proper stock of medicine During his visit to the municipality in December last, the District Magistrate found that the municipal staff had not been paid their salaries for four months, and that as a result they had gone on strike and a complete deadlock had ensued He also found that the tax daroga had been suspended by the Chairman with the result that there had been no collection of taxes for about a month and a half In fact there appears to have been a complete deadlock in the municipal administration to the great suffering and inconvenience of the residents of the municipality

3 The conduct of both the parties appears to Government to have been in utter disregard of their statutory duties and the interest of the ratepayers, and it is clear that the Municipal Commissioners have shown their incompetency to manage the affairs of the municipality by allowing party spirit to paralyse the municipal administration In the circumstances, Government are satisfied that the present Municipal Commissioners have persistently made default in the performance of the duties imposed on them by the Bengal Municipal Act, 1932, and have shown their incompetency to perform those duties. In exercise of the power conferred on him by section 552 of the Bengal Municipal Act, 1932, the Governor is accordingly pleased to direct that a fresh general election shall be held, and that fresh appointments shall be made of persons to be Commissioners of the Baduria Municipality in the district of the 24-Parganas

4 Ordered that this resolution be published in the *Calcutta Gazette*.

J. C. BASU, for *Director of Agriculture, Bengal*

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 26th February 1938

Second Forecast of the Spring Oilseed Crops of Bengal, 1937-38.

(*Note*—On an average of the five years ending 1935-36, the area under linseed in Bengal has represented some 3 4 per cent and that under rape and mustard 11 9 per cent of the total area under these crops in India)

Character of the season—As reported in the first forecast, the weather has generally been favourable for the growth of the crops Some damage has, however, been done to the crops by droughty condition in Dacca, Nadia, Midnapore and in parts of the Rajshahi Division

Area sown.—Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions. In the other two divisions the cultivation is not extensive The total area under these crops (excepting sesamum for which separate forecasts are issued) is returned at 950,500 acres this year as against 916,300 and 916,700 acres, respectively, in the corresponding and final forecasts of last year

Outturn—From the District Officers' estimates the average outturn of the different oilseed crops for the province works out at 79 per cent of the normal as against 82 and 85 per cents reported, respectively, in the corresponding and final forecasts of last year

M CARBERY,

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 24th February 1938.

Second Forecast of the Wheat Crop of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under wheat in Bengal has represented some 0·4 per cent of the total area under wheat in India The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1935-36, averaged (*a*) 41·7 and (*b*) 9 7 per cent, respectively)

Character of the season—As indicated in the first forecast the weather and rainfall conditions have been generally favourable for the germination and growth of the crop. Since then the conditions have been favourable except in Nadia, Dacca and parts of North Bengal, where drought somewhat affected the crop A satisfactory crop is, however, expected for the province.

Acreage—According to the estimates of the District Officers the total area sown amounts to 160,900 acres this year as against 149,500 in the corresponding and final forecasts of last year

Outturn—The average provincial outturn as worked out from the district estimates is 83 per cent as against 86 and 84 per cents, respectively, in the corresponding and final forecasts of last year

Resolution on the final report on relief operations in the district of Nadia during the years 1935 and 1936.

RESOLUTION — No 4195 Misc.

Calcutta, the 25th February 1938.

Read—

1 Memorandum No 1880 R.G , dated the 28th August 1937, from the Commissioner, Presidency Division, submitting the final report

2 The year 1935 was a drought year in West Bengal, and this district, like others in this area, was seriously affected, the outturn of *aus* and *aman* paddy being exceptionally poor, and the *rabi* crop of 1935-36 being equally bad The *aus* and *aman* crop of 1936 promised to be good everywhere, but an abnormal rise in the level of the Bhagirathi in August 1936 caused a flood which added to the agricultural distress by destroying, in certain areas, a quarter of the *aus* and half of the *aman* crop The area affected was 76 square miles with a population of 37,000 in the Sadar subdivision, 8 square miles with a population of 3,532 in t' Ranaghat subdivision, 49 square m' with a population c 23,900 imes Chaudanga Subdivision, 83 squar the with a population of 57,900 square Kustia subdivision, and 2,824 in miles with a p'ulation of With the the Meherpu subdivision ard relief help of t' district early in 1936 measure 'te institut caused by the to cope w' the situd these measures drought 1935, uring the monsoon had to renewe ence of the destruc- of 19 in con flood They consisted tion follow crops f .— of '

G'tuitous relief

3. Distribution of loans

3. Test works were started by the district board, on a very small scale, at Nakashipara in March, and in Santipur in April, and continued till May 1936. They consisted of repairs to roads, and cost Rs. 553 only The number of units relieved was 4,757. A much greater number of labourers was expected to turn out to the works, and the small attendance can only be ascribed to the comparative scarcity of labour in this district, as compared with the neighbouring district of Murshidabad. The failure of crop was sufficiently serious to give rise to apprehension of a much greater degree of distress than was actually disclosed by test

4 Gratuitous and charitable rel' was given in accordance with the p' dure laid down in the Bengal F' Code In addition to a Gov grant of Rs. 5,996 the dist' allotted Rs 1,550 from t' Fund, and public subscrip' ed to Rs 450 Thirte' ing societies were o' Ranaghat and Sad' a cost of Rs 1,04' to helpless womer amine nment board District 's amount- addy husk- ised in the subdivisions at give employment

5 A tota' of Rs 41,500 was distributed agricultural loans in 1935-36 Rs 1,34,745 during 1936-37 rupees 1,000 was advanced under Land Improvement Loans Act to f' rage private works demand for agricultural loans comparatively small until sowing operations began in 1936, when the demand became suddenly urgent Every endeavour was made to cope with this sudden demand, and Government were prompt in complying with requisitions by local officers

6 The flood caused suffering and very great inconvenience to the people, but relief measures were adequate It is interesting to note that the frequent recurrence of floods in this district appears to be connected with the revival of the moribund river system, and if only arrangements can be made for the speedy drainage of the flooded areas, the ultimate result of the floods will be a great increase in the fertility of the low-lying lands

7 Mr O M. Martin, C.I.E., I.C.S., Additional Commissioner, Presidency and Burdwan Divisions, supervised the

relief operations. He visited the district several times and toured in the affected tracts.

8 The Governor is satisfied that the relief measures carried out in this district were adequate and conducted with efficiency and economy. The thanks of the Governor are due to Messrs. S Dutta, I C S, and N. M. Ayyar, I C S, the then Collectors of the district, and to all other officers concerned His thanks are also due to all private persons who generously contributed to the successful working of the relief operations, to the district board of Nadia for their whole-hearted co-operation in relief measures, and in particular to the Chairman, Rai N. N. Mukherjee Bahadur and to the District Engineer, Rai Sahib Bhudeb Chandra Sovakar, for the valuable assistance given by them

Order —Ordered that this resolution be published in the official gazette.

DEPARTMENTAL CIRCULAR No I OF 1938

The 5th March 1938

Subject— Participation of co-operative officers in meetings and conferences organised by non-official co-operators.

It has been brought to my notice that the Departmental Officers often refuse invitation from the non-official co-operators to attend co-operative meetings and conferences organised by them under a misapprehension that it is not a part of their legitimate duty to attend such meetings and conferences This attitude on the part of the Departmental Officers is considered wrong

2 These meetings and conferences offer additional opportunities to the officers of this department for more intimate contact with the rural population and for propagating the ideals and the benefits of co-operation and its possibilities for rural uplift and better living

3 The Departmental Officers should, therefore, accept such invitations by non-official co-operators whenever possible and address the meetings in future A special report of such meetings addressed by them should be submitted to the Assistant Registrar, who will, if necessary, bring the matter to notice of the Registrar

PART IV A

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION

No 2336L A - 11th March 1938 —The following report of the Select Committee on the Calcutta Official Receiver's Bill, 1938, with the Bill embodying amendments recommended by the Committee, is hereby published for general information

Report of the Select Committee on the Calcutta Official Receiver's Bill, 1938.

We, the members of the Select Committee of the Bengal Legislative Assembly to which the Calcutta Official Receiver's Bill, 1938, was referred by a motion carried in the Bengal Legislative Assembly on the 16th February 1938, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed All matter recommended to be omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter recommended to be inserted has been underlined.

2 The Bill was published in English in the *Calcutta Gazette* of the 27th January 1938

3. We do not consider that the Bill has been so altered by our recommendation as to require republication

4. The Committee met for the first time on the 19th February 1938 and concluded their sittings on the 5th March 1938

5 The changes made in the Bill are as follows —

Long title.—The words "office of" were inserted to conform with the preamble.

Clause 2, sub-clause (2).—The words "and includes a Deputy Official Receiver of the Court" were omitted as they were considered unnecessary and as their inclusion might lead to confusion

Clause 3, sub-clause (2).—The new sub-clause was inserted as it was considered desirable to prescribe the qualifications necessary for the office of the Official Receiver and Deputy Official Receiver in the Act proper without leaving it to be done by rules

Sub-clauses (*2*), (*3*) and (*4*) were renumbered consequentially as sub-clauses (*3*), (*4*) and (*5*)

Sub-clause (*6*) is new and has been inserted to make the position of the Deputy Official Receiver clear

Clause 4.—The portion inserted is intended to remove any possible misunderstanding about the relation of the Official Receiver as between the Court on the one hand and the Government on the other

Clause 5, sub-clause (1).—This is clause 6 of the original Bill amended and rearranged The original provision prohibiting him from accepting Receivership in certain cases has been deleted as this was considered undesirable in the interest of poor litigants.

Sub-clause (*2*) —This is clause 5 of the original Bill

Sub-clause (*2*) (*a*) has been deleted as inexpedient

Clauses 7 to 12 of the original Bill have been renumbered

Clause 7.—The insertion of the words in consultation with the Court was considered necessary as the Receiver is actually appointed by the Court for each estate of property and as such it is thought desirable to have their views before the scale of fees was fixed

Clause 9, sub-clause (4).—This is new and intended to make it clear that the Courts' authority in giving directions to the Official Receiver in certain matters is not intended to be interfered with

Clause 10, sub-clause (3).—The alteration is intended to make the provision conform to the existing practice

Clause 11, sub-clause (2) (b).—This has been deleted in view of the new sub-clause (*2*) to clause 3

Sub-clauses (*2*) (*c*), (*d*), (*e*), (*f*), (*g*), (*h*) and (*i*) have been renumbered.

Sub-clause (*2*) (*i*) is new. It was thought desirable to leave the matter to Government who, in consultation with the Accountant-General, Bengal, were in a better position to prescribe the procedure

We recommend that the Bill as reported on by us be passed

The non-official members of the Select Committee recommend that the retiring age of the Official Receiver should be fixed at sixty, and that the post should be pensionable after service of ten years

BENGAL LEGISLATIVE COUNCIL.

NOTIFICATION

No 2882L C —12th March 1938 —The following report of the Select Committee appointed by the Bengal Legislative Council, on the Bengal Tenancy (Amendment) Bill, 1937, which was passed by the Bengal Legislative Assembly at its meeting held on the 30th September 1937, together with the Bill embodying the amendments recommended by the said Committee, is hereby published for general information under Standing Order 40 of the Bengal Legislative Council Standing Orders

Report of the Select Committee on the Bengal Tenancy (Amendment) Bill, 1937.

We, the members of the Select Committee to which the Bengal Tenancy (Amendment) Bill, 1937, was referred by a motion carried in the Council, have the honour to submit this our report with the Bill embodying amendments recommended by us

For the purpose of dealing with the matters before us expeditiously we decided generally on the following broad principles of the Bill

The first question was whether any retrospective effect should be given to the Bill It was generally admitted that retrospective legislation should be avoided as far as possible The tenancy law in Bengal is already far too complex and if retrospective effect is given it will lead to considerable litigation and multiplicity of suits We are of opinion that such a course of action is bound to act ultimately as a great hardship on the poor tenants. Having regard to all these facts we decided not to give retrospective effect Clause 1 was accordingly altered in the manner hereinafter noted.

On the question of pre-emption, we adopted the following principle which was moved by Dr Radha Kumud Mookerji —

"That in the case of the failure of a co-sharer tenant to pre-empt, the landlord should be given the right of pre-emption "

We are also of opinion that some provisions should be made for the speedy realisation of rent If suitable provisions are enacted they will not only benefit the landlord but will be of considerable assistance to the tenants who always find great difficulty in paying rent whenever there is an accumulation of rent We also decided that unlike the certificate procedure the provisions to be enacted should be available to all landlords and tenants with reference to holdings With this object in view the provisions of Chapter XIVA have been inserted

All matters omitted by us have, as far as possible, been printed in italics and enclosed in square brackets and all new matters inserted by us have been underlined

The changes made by us are detailed below —

Clause 1.—In sub-clause (*2*) the amendment has been made on the basis of avoiding unreasonable delay for bringing the Act into force and also for avoiding complications that may arise if retrospective effect is given

Clause 4.—The first two lines of proposed section 26C, sub-section (*1*) are unnecessary The amendment proposed restores the language of the existing section

In clause (*1*) the amendment has been proposed to do away with the necessity for notice on the landlord when the landlord himself is a party

In sub-section (*3*) of proposed section 26C we think that the first two lines should be omitted as these words are unsuitable because now notices to co-sharers are necessary

In sub-section (*4*) of proposed section 26C the proposed amendment relates to a drafting point only

Sub-section (5) of proposed section 26C—The first two amendments bring the notices to co-sharers within the scope of this sub-section There are also a few other amendments which relate to points of drafting. An additional proviso has been inserted for the purpose of making necessary provision for adjusting landlord's rent-roll in the event of the transfer being set aside or modified

Clause (a) of sub-section (6) of proposed section 26C.—The deletion is consequential upon the amendment to sub-section (*3*) and the addition is consequential upon the amendments made to sub-section (*5*) by the Bengal Legislative Assembly.

Clause (*b*) has been amplified on the lines of section 26-I (*2*) and a new clause (*c*) has been added because a judgment-debtor in a court sale is not ordinarily referred to as the transferor.

Clause 6, proposed section 26F—*sub-section (5a)*.—We think it advisable to empower the Court to make equitable apportionment of the property among the co-sharers in certain cases and with this object in view this sub-section has been added.

Sub-sections (5b) to (5d).—We have decided that the landlord should have the right of pre-emption except in the case of a co-sharer and with this object in view these sub-sections have been added.

Sub-section (6).—The addition made here is consequential on our decision with regard to the right of pre-emption.

Sub-section (9) —This sub-section provides for an appeal as we are of opinion that an appeal should lie to the ordinary Civil Court.

Sub-section (10) —The provisions of this sub-section practically restores section 26J(*3*) which is necessitated by the restoration of the principle of pre-emption in the Bill.

Sub-section (11) —A definition of 'transfer' has been inserted here

Clause 7.—We are of opinion that with regard to the usufructuary mortgages executed before the Bengal Tenancy (Amendment) Act of 1928 was passed it would operate less harshly and arbitrarily on the mortgagees of such mortgages if the period be extended to 25 years instead of 15 years as in the Bill and accordingly these amendments have been made in section 26G.

Clause 16.—We are of opinion that "Mundais" should be included in sub-section (*2*) of section 49A of the Act

Clause 18.—The amendments are consequential upon the amendment to clause 6

Clause 18A has been added which is consequential upon the introduction of the new Chapter XIVA *Vide* clause 33A

Clause 20.—The first amendment relates to a drafting point Section 58(*3*) of the Act deals with fine and not penalty We are of opinion that an appeal shall lie to the District Judge rather than to the Commissioner and sub-section (*2*) has been drafted with this object The first proviso should really be a substantive provision of law and as such has been incorporated as sub-section (*3*) The second proviso has been omitted as unnecessary

Clause 21.—The changes proposed here relate to drafting points only

Clause 22.—A new sub-section has been added to proposed section 85A to provide for an appeal.

Clause 24.—In proposed section 86A the changes made relate to drafting points only.

Clause 27.—The changes are consequential upon the amendment to clause 6

Clause 30.—We are of opinion that the period of nine months is more suitable as rent will not be due at eleven months and the other changes proposed here are consequential upon the introduction of Chapter XIVA

Clause 33A.—A new Chapter XIVA has been inserted here The provisions of this Chapter deal with the summary procedure for the speedy realisation of rent by sale of the tenure or holding through the Courts

Sections 177A to 177C.—Provide for the recovery of rent for not more than two years by an application, the form of applications and other matters of procedure on such applications.

Section 177D.—Provides for the summary determination by Court of the claim and valuation, but such determination and other points relating to the tenancy may be contested by a suit.

Sections 177E and 177F.—Provide for the sale of the tenancy and the procedure ancillary thereto. The sale may be postponed on the tenant paying for every postponement not less than 15 per cent. of the dues but the total period of postponement not to exceed 5 months.

Section 177J.—The sale of the holding (other than an undivided share of land) will wipe out all other arrear of rent due in respect thereof from him, except to the extent that may be realised from the sale-proceeds. The landlord may proceed against the purchaser for the arrear of rent due

Section 177K —In the case of a tenure or holding (other than a holding of the nature referred to in section 177J) the landlord can institute a suit for the unrealised balance of the rent against other property of the tenant.

Clause 37.—The first change is consequential upon the amendment to clause 6 and the second change is consequential upon the introduction of the new Chapter XIVA.

Clause 38.—The amendments proposed in sub-clause 3(*b*) are consequential upon the changes made in clauses 4 and 6, respectively

MINUTES OF DISSENT.

We have to record our disapproval of the amendments made by the Select Committee in clauses 6 and 7 of the Bill

By amending clause 6 the landlord has been given the right of second pre-emption after the co-sharer tenant We object to any right of pre-emption being given to landlord as we consider it, not only unnecessary but hazardous to give him such a right Pre-emption right was given to the landlord by the Amending Act of 1928 mainly with a view to his protection against fraud by designing purchasers who might under-state the price or value of the land transferred, with the object of paying less transfer-fee. Now that the transfer-fee has been abolished there is no justification for retaining the landlord's right of pre-emption on the mere supposition that he had the right of choosing his tenant on the holding being sold

The landlord, we know, has still got the right of choosing his tenants while settling his Khas land But he never exercised his right of choice in respect of transferees of occupancy-holdings and all the use he made of his so-called right of choice was to satisfy his own greed by realising whatever he could as *Salami* from all the purchasers indiscriminately So, even if he had the right of choice, by misusing that right he has forfeited it and the legislature will be only putting premium on misuse of right, if they still recognise the landlord's right to choose the purchaser of an occupancy-holding, by giving him the right of pre-emption

The result of giving the landlord such a right now, will be that his employees will find it a ready weapon for extorting money from poor illiterate agriculturist purchasers by threatening them with pre-emption suit Knowing as we do of the zamindar's employees as a class, we seriously apprehend that they will negotiate with rich non-agriculturists and induce them to bear the cost of pre-emption suit and pay them some *Bakshis* for securing the land for them It will thus open up the doors of intrigue and extortion

Transferability of rayati-holdings is an altogether new incident which was not thought of, when the Permanent Settlement was concluded. It originated long after the Permanent Settlement with the gradual commercialisation of rayati right A perfect codification of this particular incident cannot therefore be expected to be achieved in the course of one amendment Legislature will have to watch the result of every amendment and devise further amendments from time to time until a formula is evolved which would serve the best interest of the country and its people Transferability of rayati-holdings was recognised for the first time by the legislature when the Bengal Tenancy Amending Act of 1928 was passed, but the landlord-ridden Council, as it then was, could not rise above selfish considerations and recognised the imposition of transfer-fee which according to section 55 of Regulation VIII of 1793 was nothing but *Abwab* pure and simple, and made it a legal due, and fixed its rates definitely and along with it gave the right of pre-emption to landlord When now it has been decided to do away with the transfer-fee consistently with that decision and for reasons already stated it will be only proper not to allow any right of pre-emption to the landlord Experience has shown that this right will never be exercised judiciously by the landlord and it will not be exercised against non-agriculturists and other undesirable tenants The next step for the legislature will perhaps be to enact a separate Land Alienation Act, on the lines of the Punjab Act, for effectively preventing lands from passing out to non-agriculturists and other undesirable tenants But till then it will be wiser to make transfer absolutely free for watching its result, instead of hedging it round by giving the landlord the right to pre-empt, knowing full well that instead of serving the purpose for which the right is given, it will be an engine of oppression in the hands of zamindar's *amlas*

Then as to the amendment made in clause 7 by the Select Committee The period of usufructuary mortgage has most unreasonably been extended from 15 years to 25 years Clause 7 no doubt seeks to give retrospective effect to the original section 26G of the Act But section 26G is wrongly believed to have been enacted with a view to prevent raiyat's letting out lands for very long or indefinite period in usufructuary mortgage, with the object of evading the payment of transfer-fee The provisions of section 26G are in consonance with the recommendations of the Royal Commission on Agriculture which suggested that "no usufructuary mortgage of agricultural land should be permitted by law unless provisions were made for automatic redemption within a fixed period of years, of which 20 should be the maximum" In Bengal 15 years was considered quite reasonable period as the agricultural land of Bengal is by far superior in fertility, and demands far less attention and labour from the cultivator That 15 years as the maximum period, is even too long a period for Bengal can be proved on reference to the general rate of interest prevailing in Bengal. From the Bengal Banking Enquiry Report of 1930 it is found that "loans to agriculturists, given on the security of their holding, generally bear interest from 18¾ to 37½ per cent, the latter rate being usually the common rate" (*vide* page 198 of the report). At the rate of 37½ per cent which is the usual rate, the interest would be double of the principal in less than 6 years On taking the mean

between 18¾ and 37½ which is about 28 per cent., it is found that the interest would double the principal in a little over 7 years. At 18¾ per cent which is the minimum the interest would double the principal in 11 years According to Bengal Money-lenders Act no court in a mortgage suit can now decree any amount in excess of the double of the principal When the ordinary debtor is getting this consideration why should not the agricultural debtor also get it? It will be only fair for the legislature dealing with Agricultural Tenancy Legislation to follow the principle of the Money-lenders Act and to stop the mortgagee from further fleecing the tenants as soon as the net usufruct he has enjoyed has become double of the principal for which the land was mortgaged The mortgagee of an usufructuary mortgage must have made sure that he was getting net usufruct which was not less than the usual rate of interest for secured loans On the basis of the figures of rates of interest in Bengal we have in our possession, it will be found from the calculations shown above, that the principal would be double in 6 to 11 years To this may perhaps be added three years of grace on account of the low prices of 1930 to 1936 Even then the period should be 9 to 14 years Thus it will be seen that even 15 years which was in the Bill before, erred on the side of leniency to the mortgagee It will be not only unjust but unfair and unconceivable to extend the period to 25 years by which period the interest even at 18¾ per cent the minimum rate, would be 466 per cent of the principal But in dealing with the legislation of an entire province we ought to go by the provincial figures and not by concrete instances If concrete cases were to influence our judgments we should enact law stopping all motor vehicles from running, as such vehicles cause death to innocent pedestrians in concrete cases

We have also to express our disapproval of the provision of the summary procedure for recovery of rent proposed to be incorporated in a new chapter (Chapter XIVA) We admit that a speedy method of realisation if properly devised would not only be a benefit to the landlord, but also to the tenant But the method devised must not cause undue hardship to the tenants Unfortunately however, the provisions for the summary procedure as approved by the select committee are more drastic and harsh than even the provisions under Chapter XIIIA which is proposed to be deleted only because it used to cause hardship to the tenants

The provisions of chapter XIIIA were confined to particular Estates only of which the proprietors were allowed benefit of summary procedure by Government, whereas the proposed Chapter XIVA can be taken advantage of by landlords of all classes and so if the provisions of the new Chapter be even as harsh as those of Chapter XIIIA, the mischief and discontent will be more widespread

According to the provision of Chapter XIVA the only way of recovering rent is by sale of the tenancy, without even previously attaching it whereas alternative methods could be adopted under Chapter XIIIA A Certificate Officer under Chapter XIIIA could postpone sale to any date and could even refuse execution of a certificate decree, but the Court putting a tenancy to sale under Chapter XIVA will have no such discretion According to the provisions as amended by the select committee he will not be able to postpone a sale even for a month unless 20 per cent of the dues are paid and the sale cannot be postponed for more than five months in the aggregate on any account The new provisions are thus far stricter and give no discretion to Courts If the sale falls due in the month of Chaitra Baisak, Asar, Sraban or Bhadra, 90 per cent of the tenants of Bengal will not be able to pay even 5 per cent in any of these months as most of them during these months have not only no surplus money in their hands but actually live on half ration The inevitable result will be that all their holdings will be sold off We had proposed that the tenant should be given time to pay his dues after harvesting the main crop We emphatically record our honest opinion that it will be cruel to sell off a tenancy in a summary procedure without the tenant being allowed time to reap his crop We as members of the Legislature should not lose sight of the fact that 80 per cent of the raiyats of Bengal have only about 20 rupees per head per annum as income, whereas rupees 41 is necessary for dietary charge only of a jail prisoner of Bengal It will be absurd to expect such a class of tenantry to be able to pay any portion of dues without harvesting the crops

The provisions of the proposed Chapter XIVA are harsher than even the provisions of Pattani Taluq Regulations and the Revenue Sale Laws, inasmuch as the claim in Pattani Sale is limited to one year's rent and that in Revenue sale generally to one kist, whereas in the proposed law it is limited to 2 years' rental In a summary sale procedure the demand must be limited to such an amount that it may be reasonably paid by the person whose property is put to sale without hardship before the sale date and on this principle all the previous sale laws were based. A departure is proposed to be made now and the limit of demand is increased to 2 years' rental, which, it will not be possible at all for the tenant to pay unless he is given proportionately more time We had suggested 1 crop time for 1 year's dues and 2 crop times for 2 years' dues. The provision in the proposed sub-section (2) of section 177F that the balance of dues after sale will be realisable by proceeding against other properties of the debtor is also not at all just and equitable If the tenancy is so valueless or has become so valueless that it does not fetch even 2 years' rental on sale, the poor tenant should not be pursued any

further. The reason for such low price is either (1) the land is valueless or (2) the rent is too high or (3) the land has deteriorated, for none of which the tenant can be held responsible. If he were literate and solvent in all these cases he could get abatement by instituting a suit and could probably go on paying the reduced rent. By not taking abatement, he pays the penalty of losing the tenancy altogether and yet again his other properties are to be proceeded against for realisation of balance.

We think the effect of the proposed summary procedure for recovery of rent will prove a disaster to the agriculturists of Bengal and we are unable to agree to such proposals.

The Bengal Tenancy Amendment Bill, 1937, has as its object the lessening of the burden of the cultivator. But it fails in the fulfilment of its object in two main respects The rights of the under-raiyat have not been improved to the extent that is necessary, and there is no recognition at all of the rights of those who till the land under the system known as *adhi, barga* or *bhag* Secondly, the Bill, though it includes provisions for the suspension of the sections relating to enhancement of rent with retrospective effect, does not succeed in effecting any reduction in the oppressive burden of the rate of rent generally prevailing in the province In the Select Committee which considered the Bill, I pressed for amendments on these lines The main points of my dissent are noted below in which I have confined myself only to sections touched in the Bill, and made no reference to many other undesirable features of tenancy law of the province

The uncertainty in the date of commencement of the Act (when the Bill has become one) introduced by the Select Committee is likely to lead to graver complications than those that it seeks to avoid, and I am not convinced that it is defensible even in principle The reintroduction of the landlord's right of pre-emption under certain conditions, though perhaps defensible as a theoretical proposition, is, in my opinion, bound in practice to curtail severely the right of free transfer of land by tenants, and I cannot therefore agree to the changes in the Bill introduced by the Select Committee In respect of usufructuary mortgage, the amendment made by the Select Committee in favour of the mortgagee is in my opinion not justified, though I would welcome some provision for distinguishing the case of purchasers under the cover of mortgage from those of actual mortgagees The inclusion of provisions by which the under-raiyat can acquire occupancy-rights by possession for a specified number of years is also essential for the purpose of improving his condition There should also be some provision by which the landlord may be prevented from penalising a tenant-defender by realising from him the cost of summons on all co-sharer landlord-defendants in a rent suit As regards the new Chapter XIV A introduced by the Select Committee, I am extremely doubtful if it is at all within the scope of the Bill In addition, the provisions proposed seem unnecessarily harsh, for the sale of a tenant's holding if it takes place at all should form the last and desperate resort of a landlord Such sale, if altogether unavoidable, should be dated to take place during the harvest season, so that the tenant may have a chance of meeting the claim and saving his holding Finally such sale should automatically liquidate all liability in respect of that holding and the landlord should under no circumstances be allowed to proceed against any other property of the tenant

HUMAYUN KABIR

The 8th March 1938

I am afraid the main object of the Bill will not be fulfilled unless it is so amended as to stop further transfer of cultivating lands from the hands of the cultivating raiyats The Bengal Tenancy Act is a piece of very complicated land laws. Any retrospective effect to any amendment to the same will lead to more complications The existing laws—both civil and criminal—are enough safeguards against exaction of illegal abwabs Introduction of any summary measure may be a dangerous weapon at the hands of designing persons and, as such, may bring more

evil than good Inclusion of section 52 in the provision under section 75A of the Bill seems to be courting the danger of reservation of the Bill by His Excellency the Governor The proposed section 86A appears to be very harsh and unjust to the landlords

Subject to the above note of dissent, I put down my signature to the report of the Select Committee

ABDUL HAMID CHOWDHURY

The 8th March 1938

We have signed the Report subject to the following Note of Dissent —

Clauses 3, 4, 5 and 8.—The object of these clauses is to abolish the fee payable to landlords on the transfer of the holding of an occupancy-raiyat together with the right of occupancy therein, and the landlord's right of pre-emption

The landlord's transfer-fee is a statutory provision introduced by the amending Act of 1928 The landlords contend that they were legally entitled to refuse to recognise transfers and that the Act of 1928 was a compromise—the tenant's right to transfer receiving statutory recognition and being made subject to the payment of a fee which was fixed.

Now it is proposed to abolish the transfer-fee

It cannot be disputed that the clauses are expropriatary, no compensation being awarded to the landlords for the loss of a right which has been said to be worth a considerable sum annually If it is in the interests of the State that the transfer-fee should be abolished, compensation should be given Proposals were made that the fee should be reduced, but these were not adopted

The Government have stated that it is their intention in the near future to appoint a Commission of Enquiry to investigate the land law of Bengal, and that the object of the present Bill is not to attempt a radical reform of the existing system of land tenure, but to lessen the burden on the cultivator by making amendments to the law which appear to be most urgently required

We are in sympathy with these objects, but cannot support a procedure of expropriation We consider that pending the enquiry the transfer-fee, if it cannot be reduced by agreement, should at most be suspended, and that the landlords should be compensated for the financial loss this would involve It is proposed to introduce a method for speedy realisation of rent, which would compensate landlords to some extent for the financial loss

Clause 7.—In view of the retrospective effect of clause 7, there is one class of mortgage which requires consideration To avoid payment of a transfer-fee, a vendor sometimes adopted the form of a usufructuary mortgage to transfer the land to a purchaser If the clause becomes law as it stands a vendor who transferred in this manner will be entitled to regain his land This is obviously unjust and the clause should be amended to enable a court to enquire into the circumstances and ascertain the true nature of the transaction and refuse redemption where the transaction was in fact a sale

Clause 21.—The inclusion of reference to section 52 is most inequitable, and the provisions of the Act for alteration in rent in the event of alteration in area should not be affected

Clause 22.—The wording of sub-clause (3) is unsatisfactory The court should be empowered to make provisions for the future relations between the proprietor and the under-tenure-holder holding directly under the tenure to be surrendered

Further the court should be empowered to decree surrender not merely to "grant permission."

In the case of encumbrances, the surrender can be decreed subject to equitable conditions.

The 8th March 1938

H G STOKES
D H WILMER

We regret to say we are unable to agree with the majority of our colleagues in some of their conclusions and have to sign the Report of the Select Committee, subject to the following observations and reservations —

1 The object of the Bill is stated to be "to lessen the burden on the cultivator and not to attempt a radical reform of the existing system of Land Tenure"

We find that some of the provisions of the Bill are not quite in keeping or consistent with its object and scope as thus defined

We are not quite able in the context of this Bill and of its object to follow the distinction on principle between the zemindars proper and the various classes and

grades of non-cultivating, rent-receiving middlemen who as occupancy raiyats or even under-raiyats intervene as so many links in the chain between the superior landlord or zemindar at the top and the actual cultivator or tiller of the soil below.

In the direct interest of the cultivator or the toiling tiller of the soil whose burden we seek to lessen, we propose the following changes in the Report of the Select Committee

2. The tiller of the soil should be exempted from the landlord's transfer-fee or Salami but not the non-cultivating rent-receiving classes, most of whom are money-lenders.

A cultivator is to be taken as the person who habitually tills the land wholly or in part by himself and by members of his family, but not by hired labour, as his principal occupation and means of livelihood, and who holds the land as his own property.

We believe in the principle that the interest of cultivation is more assured where the cultivator cultivates the land which is his own property

To extend the above concession to non-cultivating classes is against the scope of this Bill, and almost amounts to a radical change in existing Land Laws which the Bill does not profess to seek.

3 We do not think on principle that retrospective effect should be given to any of the provisions of this Bill, especially those regarding usufructuary mortgages

We have received representations and reports from different classes which show that usufructuary mortgagees include the tillers of the soil themselves who will be hard hit by the proposal of the Select Committee

4 The proposal to create holdings on the basis of a reduction of rent from the present minimum of Rs. 2-8 to Re 1 will lead to too much subdivision and make cultivation economically unprofitable

The modern trend in agricultural reform is towards prevention of excessive fragmentation and promotion of consolidated holdings and collectivist farming

The proposed provision is therefore against the true interests of cultivation as a means of livelihood

We should rather like to raise the minimum rent of a holding to Rs 5 in the case of cultivating under-raiyats or raiyats and to Rs 10 for tenures (including those of non-cultivating raiyats)

I have signed the report of the Select Committee on the Bengal Tenancy (Amendment) Bill subject to the Note of Dissent prepared by me I am not in agreement with several provisions of the Bill but as I do not wish to enter into details here, I shall simply note the principal points It will appear from the report of the Select Committee that the first point which was agreed upon was not to give retrospective operation to the legislation, but unfortunately retrospective operation has been given in some cases By way of illustration I may refer to clauses 7 and 9 I am also of opinion that the provisions for the speedy realisation of rent have been made rather complicated and they should be simplified There is no reason why the landlord should not be allowed to pray for recovery of rent due for a period not exceeding two years in respect of the tenancy

The main reason so far as I understand for substituting the new section 26C is to repeal all provisions about the transfer-fee I am of opinion that the local legislatures have no right to do away with the landlords' fee The Crown is bound by law and contract to recognise the absolute ownership of landlords and cannot curtail their rights without their concurrence. The Legislatures have no right to infringe Crown's contractual obligations entered into in pursuance of Regulation I of 1793 which obligations had been accepted and acted upon so long and which have been taken upon by the present legislatures. Clause 7 is now practically the same the difference being that the period has been extended to 25 years instead of 15 years as in the Bill. In this clause retrospective operation has been given. It is difficult to understand why the Bill seeks to benefit the raiyat-debtors at the expense of raiyat-creditors as the transaction was generally among the raiyats. Moreover, the new

section will create serious legal difficulties. Section 52 does not relate to enhancement of rent but to alteration of rent for alteration in area. Hence, this section should not have been included.

1 We think that landlords, as such shall not be entitled to pre-empt in case co-sharers do not claim the same We therefore do not agree to the addition of subsection 5(*b*), 5(*c*) and 5(*d*) to section 26F of the Act.

2 We further think that usufructuary mortgages should be regarded as satisfied at the expiration of fifteen years and not twenty-five years We therefore do not agree to the substitution of the word "twenty-five" for the word "fifteen" in the proposed new section 26C of the Act.

3 Although we agree that provisions should be inserted in the Bill for the speedy realization of rent, we have some difference amongst us as to certain details thereof

MD. AKRUM KHAN

NAZIRUDDIN AHMAD.

REZZAQUL HAIDER CHOWDHURY.

The 8th March 1938.

I regret I could not agree with my colleagues on all matters referred to the Select Committee.

My view on the question of granting or with-holding the right of transfer of the holding of an occupancy-raiyat should be made dependant entirely on how it would ultimately affect the position of the cultivating raiyats The extension or restriction of this right should never be made an opportunity of adding to the profit of the landlord I am therefore of opinion that this right should be given to a raiyat and he shall not pay any salami to the landlord for this.

But in giving him this right we must see that we do not make him a prey to Mahajans and other exploiters against whom he is powerless I suggest that the right of occupancy should be made transferable in favour of a man who has already had occupancy right in other lands or in favour of one who will cultivate his land with his own hand This right of occupancy, as distinct from the land itself, should not be made transferable to a man, like a Mahajan, who needs none of the protections given to occupancy-raiyat by the Bengal Tenancy Act but can protect themselves

Therefore some such provision needs to be made in section 26B and 26C of the Bengal Tenancy Act

Otherwise this unrestricted right of sale together with the effect of the Agricultural Debtors' Act on the credit system will result in the passing of the lands of the cultivators from their hands to those of the non-agriculturist class

Clause 7.—The new provision regarding usufructuary mortgage will cause very great hardship to a class of people who cannot survive the effect of this provision when passed into law.

A large portion of such mortgagees are poor and ordinary cultivators and by simply passing such an expropriatary legislation will seriously affect a very poor class of people

There have been many cases in which an out and out sale was made under the garb of an usufructuary mortgage and this class of cases were frequent before 1928 Act This new provision will nullify this class of transfer altogether.

The second objection is that by accepting the amendment we will bring all kinds of transaction falling within the class known as usufructuary mortgage on one plane irrespective of the merits of the individual cases.

Further by this amendment we will prevent a mortgagee from redeeming his land before 25 years, if he can prove that from the usufruct the mortgagee in course of ten years or so have realised enough to pay him his principal advanced together with interest at 6 to 8 per cent.

I therefore suggest that such provision instead should be made providing for the mortgagor to come up before an authority with an application for redemption and such redemption will be ordered if it can be proved that from the usufruct the principal and interest calculated at 6 per cent. have been realised.

This will prevent ill-feeling amongst the masses and much criminal and consequential civil litigation can be avoided. In fact the Debt Boards are dealing extensively with such mortgages, apparently without any hardship or difficulty.

Sections 48F and 48G should provide for extending the method of acquisition of occupancy rights by under-raiyats. It must now be admitted that by transferring and selling raiyati interest to a non-cultivator, the real cultivator often takes lease of the land in under-raiyati right on an enhanced rent. It is necessary to protect this class of raiyats and their class will be on the increase after the passing of the new amending Bill The occupancy-raiyats will slowly come from a class of people who were originally Mahajans or rent-collectors and will enjoy such statutory protection which was created for the protection of the real cultivators of the soil and who were unable to protect themselves.

I therefore suggest that in section 48G, we should provide that every under-raiyat who had cultivated a piece of land for 12 years as a raiyat or under-raiyat shall acquire occupancy right in the land held by him as an under-raiyat Such acquisition should not be left to custom, alone, a circumstance which is very difficult to prove

Clause 21.—The question of some reduction of rent has become one of very pressing necessity. With the fall of the price of agricultural produce to less than half of their price prevailing in 1920-29, the tenants are in fact paying in value double of what they used to pay in 1920-29 It is also very well known that during the years between 1918-29 rents have been increased in great many cases on the ground of increase in the price of food-stuff These being facts which are admitted by all, and we know full well that if a tenant now goes before a court it won't be difficult for him to establish a case of reduction of rate of rent on the ground of decrease in the value of agricultural produce and get the necessary relief. The only difference between the landlord and tenant so far as the exercising and utilising the provisions enacted for their respective advantage is that whereas the former had the resources to reap the benefit, the latter had not nor has he the necessary means In these circumstances the executive authority as also the legislature owe it to these poorer classes to come forward and give the relief due to the tenants in a cheap manner

I would therefore propose that in clause 21 it should be provided that at least all enhancements made on the ground of increase in the price of food-stuffs after the year 1914 should be declared to be hereby suspended and should for future realisation to be ineffective This would give a much needed relief.

Clause 22.—With regard to clause 22 I am of the opinion that relief should also be extended to Putni-tenure-holders I am further of the opinion that the rights of the under-tenure-holders and other incumbrancers should be adequately protected against fraudulent surrenders This aspect should not be left to the entire discretion of the court It should therefore be provided for

I would therefore propose that sub-section (6) of section 86 of the present Act should be added to the proposed section 85A

CHAPTER XIVA

At the outset I must say that I am opposed to the whole scheme for realisation of rent provided by this section

This chapter introduces all the objectionable features of the Public Demands Recovery Act, often the rigours increased without those sections of the said Act which gave some protection to the tenants

Hardships of the Public Demands Recovery Act was due amongst others to (i) the demand for immediate payment of rent after certificate was issued, (ii) the abuse by the subordinate staff of the executing department of the summary powers of seizure

The first caused hardship because it often becomes difficult for the bankrupt tenants to immediately raise the amount and pay the dues This difficulty gave opportunity to the unscrupulous peons to realise a handsome amount from the tenant as gratification for being given another adjournment.

I am of the opinion that so far as Government dues are concerned those should be realised by an executive machinery, but in which safeguards should be provided against the difficulties mentioned above.

As for the dues of the private landlords, we must in accepting any change in the law see that we do not compel the tenant to further forced sale of his holding

A machinery may be provided for quicker decree being passed in some classes of cases. It should be provided that if a tenant pays the dues immediately after decree is passed then only half the court-fees paid by the landlord shall be payable by the tenant sued against. This will create an inclination for payment without delay. Sale of the holding should be resorted to as a last alternative. Crop should be attached in the first instance. Even when sale of the holding is resorted to the holdings should

be first sold subject to incumbrances, if that does not bring the amount due, then there may be a resale free from incumbrances. A minimum should be fixed for each property put up for sale and there should be no sale below the amount fixed In case when the amount due is not realised by the sale then the balance due should be considered as paid off and there shall be no further claim for any arrears of rent remaining still due

Beyond these few provisions I am against the rest of the amendments made at the instance of the Government

Chapter XIIIA of the present Act was available only to a few private Estates, yet the agitation against the same was already great. The proposed amendment seeks to extend the summary procedure to all rent collectors in all areas in Bengal. Consequently the agitation will only gain in strength.

The argument that the power is now being given to civil courts instead of the Revenue officers is not likely to be very convincing There will be no improvement by this change

HAMIDUL HUQ CHOWDHURY

The 9th March 1938

I beg to submit the following Note of Dissent to the amendments recommended by the Select Committee on the Bengal Tenancy (Amendment) Bill, 1937 —

Clause 4, section 26C, sub-section (6).—(*b*) "transfer" by conditional sale or any combination thereof

The underlined words should be added.

Clause 6, section 26F.—(*1*) Except in the case of (*d*) should be deleted and thus substituted—

(*d*) A debottar in accordance with the provision of the Hindu law and a dedication for religious or charitable purposes under the Buddhist or any other law

Clause 6, section 26F.—(*5b*) (*a*) After "if the transfer be of the entire holding" this should be added " and if it does not form the subject-matter of a wakf or debottar or religious trust under the Buddhist or any other law "

In (*5d*) another sub-section be added as follows :—

(*5d*) (*c*) That court shall after receipt of an application under section 5(*b*) make an order allowing it on the landlord depositing the amount of the consideration money or value of the transferred tenancy or portion thereof together with a compensation at the rate of 10 per cent on such amount and further direct that the deposit made be paid to the transferee or such other person as the court thinks equitable

(*6*) (*a*) be deemed to have vested jointly and free from all incumbrances which have* been created after the date of the transfer

[*here I have deleted the word "annulled".]

(*9*) An application under section 26F(*1*) or (*4*) or 5(*b*) shall be treated for the purpose of determining jurisdiction, original and appellate, as a suit between landlord and tenant under section 144 and any order passed therein shall be appealable

I think this will clarify (*9*)

Clause 20, section 74A.—(*2*) Delete "and the order passed by the District Judge on such appeal shall be final"

Clause 22, section 85A.—(*4*) For the purpose of determining jurisdiction, original and appellate, an application under sub-clause (*2*) shall be treated as a suit under section 144 and any order passed thereon shall be appealable

Please substitute this—

Section 177-I.—(*3*) (*d*) A proceeding under Chapter XIVA shall in no way be affected nor any execution in such proceeding be stayed by or under the provisions of the Bengal Agricultural Debtors Act.

This sub-section be added.

1 I do not subscribe to the change proposed by the Select Committee in clause 6 giving powers to landlord to pre-empt. The landlord should not be given power of pre-emption under any circumstances.

2. Although I agree that some provisions should be inserted in the Bill for the speedy realisation of the rent, I have some difference of opinion regarding certain details thereof

ATAUR RAHMAN.

The 8th March 1938.

On principle I am opposed to the Bill In my considered opinion it is a measure of expropriation. It is against public policy It is a negation of equity It contravenes the fundamentals of the constitution established by law. If enacted, it will be a lawless law—intensively capricious and destructive of time-honoured customs and recognised privileges. It is a definite infringement on property rights It is the result of the attitude of an artificially created majority in the Bengal Legislature towards a particular class or community It is highly communistic and tends to lead to "Agrarian socialism" It creates a feeling of anxiety and apprehension for the future, inasmuch as it points towards an orgy of lawlessness On the other hand, it alters the character of the Permanent Settlement Until fuller realisation it may pass for an act of appeasement so far as the raiyats go, but in reality it does not improve the lot of the actual tillers of the soil, or lead to a scientific policy of agricultural development Through careful study and closest possible scrutiny of its provisions, conviction has steadily grown on me that it shows promise but not achievement

The landholders believe in the principle that the interests of cultivation is more assured where the cultivator cultivates by himself the land of his own tenancy The landholders are, therefore, willing to help the actual tillers of the soil This Bill, however, unfortunately draws no line of demarcation between cultivating and non-cultivating tenants and extends concession which will benefit the latter to a greater degree than the former

The object of the Bill is stated to be "to lessen the burden on the cultivator and not to attempt a radical reform of the existing system of land tenure", but, in reality some of the provisions of the Bill have gone beyond the limits thus defined and radical changes in existing land laws have been made This is unfair to say the least of it Another glaring injustice has been done by giving retrospective effect to some of its provisions, in violation of the fundamental principle of law

Let me now mention some instances to illustrate my comments In the first place the statutory right of the landholder to get transfer fee or *salami* when a holding or any part of it is transferred by the recognised tenant is an important right in land Although it is a statutory right, it is based on property right in the terms of the Permanent Settlement, inasmuch as the zemindars were entitled by the statute of 1928 to exercise this right in lieu of the right to transfer a holding or any part thereof which was then conceded to the occupancy-raiyat The said statutory right of the landholder was more or less a compensation for the collateral or incidental concession or privilege which was granted to the tenant by the legislation referred to above within the scope of Regulation I of 1793 It did not take away the proprietary right of the landholder and so if the provision for compensation is obliterated, the collateral benefit which accrued from it in favour of the tenant must also go, so as not to alter the character of the Permanent Settlement It is clear that this right of the landholder, which is now proposed to be taken away, is an important right in land and is protected by section 299 sub-section (3) of the present Government of India Act and the Instrument of Instructions which has been made an integral part of the said Act

Section 52 of Regulation 8 of 1793 has also been violated inasmuch as the Bill proposes to take away from the landholder his fundamental right to impose on a tenant a fair rent, as the landholder thought proper, for an area not included in the tenancy of the tenant This is undoubtedly another glaring instance which proves beyond the shadow of a doubt that the Bill if enacted will alter the character of the Permanent Settlement

The right of pre-emption goes hand in hand with the provision for transfer-fee or *Salami* and by itself is an important right in land and it will be equally unfair to deny the landholder this statutory right which was also created in lieu of the right to transfer with which the tenants was invested as a collateral privilege by the Act of 1928

The above valuable rights in land cannot under any circumstances be taken away by a Provincial legislature without a provision for adequate compensation, or substitution of some other rights of reasonable profit, standing for the irrevocable proprietary right of the landholder in the soil

I should like to add one more instance of illegality which this Bill seeks to legalise Usufructuary mortgages have been ruthlessly scrapped This will not only hard hit the tillers of the soil, but will violate the fundamental principle of law Retrospective effect is proposed to be given to this pernicious clause of the Bill without providing for any compensation In my considered opinion it is also an infringement on the Government of India Act with reference to the lists in schedule VII of the said Act

To revert to the right of pre-emption, I cannot help observing that it is extraordinarily mysterious that this right should be given to the co-sharer tenant, as if he has property in the soil. It is certainly beyond the scope of the Bill On the other hand, if the right of pre-emption, as alleged operates harshly on the transferor or the transferee, if it prejudicially affects the value of land and makes transactions abnormally difficult, the position, I am afraid, has by no means been improved by taking away that right from the landholder and investing the co-sharer tenant with

it, unless it is meant to be the prelude of the communistic slogan, "Land for the tillers alone", although in the present case, the non-cultivating intermediaries, so-called tenants, will have the cream of this arbitrary change.

Then again, it is notorious that the normal civil procedure followed in disposing of rent suits is extremely dilatory and expensive In spite of this, Chapter XII on distraint was abolished In 1928 what is commonly known as Certificate Procedure under the Bengal Public Demands Recovery Act of 1913 was, however, brought within the reach of landholders to enable them, under certain costly conditions, to expeditiously realise their fair and equitable rent The present Bill proposes to take away this privilege from the landholder for no rhyme or reason, inflicting great financial loss on those who had to pay handsome price to purchase it No doubt at the last moment to appease the landholder, Chapter XIVA has been added with much ado, but it is in reality empty and void—worse than useless As it stands at present, it makes no sense and I am sure it will prove puzzling and embarrassing to courts and parties alike The machinery thus created will hardly afford any relief to the landholder and may jeopardise the interests of co-sharer landholders when an undivided holding is sold out under sub-section (6) of section 177K of Chapter XIVA, as there is no provision to serve notice on them or make them parties to the "application" Apart from this, in many cases, it may victimise the credulous tenant Chapter XIIIA with some modifications to take appropriate effect only on intermediaries and Chapter XII on distraint to operate on real tillers of the soil should be restored and the new Chapter XIVA should not be allowed to perpetuate a folly in the name of a blessing

I agreed to serve on the Select Committee not because I stood committed to the principles of this Bill, but because it occurred to me that I had no right to decline to serve at a time which was suitable for common counsel—when we should make an earnest endeavour to find unity in variety and harmony in discordant tunes I thought I could effect a compromise honourable to all parties concerned and purge out from the Bill, by conserted action, the spirit of aggrandisement and all illegalities and constitutional defects I have tried my level best, but I must confess that I have utterly failed to do so Let me give, as briefly as I can, some instances to illustrate my meaning My attempt to effect a compromise by 50 per cent reduction in the rate of transfer-fee, or even by granting total exemption to real tillers of the soil, barring non-cultivating and rent-receiving intermediaries, was treated with scant respect I vainly argued that the right of pre-emption was never harshly exercised and was an effective deterrent against under-estimation of the value of land and indiscriminate transfers which may ultimately make the real cultivators landless or lead to a breach of the peace and even endanger public tranquillity

I pleaded for its retention with certain reservations for the benefit of the actual cultivators, but my voice proved to be a cry in wilderness In order to hold the scale even between the landholder and the real cultivator, I tried to restore the original Bill, clause 75A which gave power to the Provincial Government to suspend by public notification all provisions relating to *both* enhancement and reduction of rent, but no, only provisions for enhancement of rent must be suspended! Is this fair play? I tried to retain Chapter XIIIA, modified by the following proviso to be added to it under section 58A, clause 5 as sub-clause (c) —

"provided that no certificate shall be signed if the certificate-debtor satisfy the officer that he is an actual cultivator of the soil",

but, I was sharply told that there was no earthly chance of retaining Chapter XIIIA in any shape I strongly condemned the practice of taking *Abwab* in any shape and agreed to accept the provision for summary penalty for realisation of *Abwab* if a similar provision is made for summary penalty of the tenant, or any one acting on his behalf, for effecting, by bribe or illegal gratification, escape from payment of fair and equitable rent, or for managing to hide from the landholder or to under-value a certain *Jama,* or for getting illegal possession of his Khas land without his knowledge and consent Cases of such deception are not few and far between.

I cannot do anything more than to appeal to the Council to revise the illegal and inequitous provisions of this Bill, or to drop it altogether, or as the last alternative not to proceed with it until a decision has been obtained from the Federal Court with respect to the questions of law which I have raised

M. N RAY CHOWDHURY.

The 9th March 1938.

I sign the report subject to this note of dissent. I am of opinion that the policy behind the amendments as passed by the Assembly is to bring about the ruin of the landlords at the expense of the raiyats This is a very shortsighted policy. The existence of the landlords is an extremely important factor in the social economy of the province. It cannot truly be said that they have outlived their importance and

that they should be wiped out for the welfare of the province as a whole. I am not a landlord but, rather, a tenant. My considered opinion is that there should be a true and correct adjustment of the relationship between the landlords and tenants I do not believe in the theory very often put forward that the obliteration of the zamindars and intermediate tenure-holders will bring in immense amount of money into the coffers of the Government and will usher a millenium to the raiyats and to the people at large I am for legislation and strong legislation to put down vagaries of the landlords which have been found to be in existence The amendments should be directed to bring about peace and amity and general welfare of the people and not estrangement between the landlords and tenants.

I am for free transfer of occupancy holdings with a recognition of the right of landlords to the soil and in this view I am of opinion that the landlords should be given a token *selami* in case of every transfer I am further of opinion that the landlord should have an option of pre-emption for a reasonable and just cause which should be specified in the Act I am of opinion that the new chapter which has been added by the Select Committee for speedy realisation of rent is not very much different from the existing provisions for realisation of rent by suit A duplicate machinery has only been provided with apparent shortcomings and complications. I do not think that the landlords will ultimately take recourse to the provisions of this new chapter with the attendant risks and limitations I do not understand why *ad valorem* court fees should be paid on the applications though the decision will not amount to a decree. This is against legal principle I am of opinion that the existing provisions should be modified with a view to curtail the period of time which is now taken from the institution of the suit to the realisation of money.

I shall bring up amendments in the House in furtherance of the objects stated above

JATINDRA MOHAN SEN.

---

1 In clause 6 in the proposed new section 2(*1*)(*a*), co-sharers by purchase are excluded from the benefit of the sub-section I think that persons who are co-sharers by right of purchase at least 12 years before the transfer and hence may be presumed to have been in quiet possession of his share should be given the benefit of the sub-section and should be excluded from the exception.

2 Provisions should be made in the new section 26F to give relief to pre-emptors where the consideration money has been overstated to defeat the claim of pre-emption

3 The Bill gives to all co-sharers of a *holding* equal right to pre-empt in all transfers of portions of the holdings irrespective of the fact whether he is a co-sharer of the plot in question I think pre-emption to each plot should be allowed to co-sharers of such plot in preference and co-sharers of other plots of the holding Otherwise serious inconvenience will arise

4 The Bill describes the right of a pre-emptor a so-called right to "purchase" As a matter of fact in pre-emption there is no purchase or re-purchase The pre-emptor is merely substituted in place of the transferee Drafting changes should be made to make this clear.

5 In clause 25, new section 88 (*4*), the mutation fee should be allowed to be paid by money-order to save a lot of expenses.

Resolution on the final report on relief operations in the district of Jessore during the years 1936-37.

GOVERNMENT OF BENGAL.
Revenue Department.
Miscellaneous.

Calcutta, the 9th March 1938

RESOLUTION—No 4863Misc

Read—

Letter No 143R G, dated the 25th January 1938, from the Commissioner of the Presidency Division, submitting the final report

2 The district of Jessore has an area of 2,902 square miles with a population of 1,671,164 according to the census of 1931

The drought which occurred in 1935 caused partial failure of the *aus* paddy crop throughout the district while the *aman* paddy crop the principal crop of the district, failed partially in Sadar, Jhenidah and Bongaon subdivisions The condition of the *rabi* crop in areas which are comparatively high was also unsatisfactory

3 The district was beginning to recover from the effects of the drought, and a favourable monsoon was giving promise of a good harvest, when a severe set-back occurred in August and September 1936 The rivers Bhairab, Ichamati, Kabadak and Navaganga rose in flood and inundated about 2,657 square miles with a population of 214,000 in parts of four subdivisions A great area of *aman* paddy was destroyed and heavy damage was done to *aus* and jute *Robi* cultivation in certain areas was hampered by water-logging after the floods.

4. To relieve distress caused by drought and flood timely relief measures were undertaken by Government and the district board. These consisted, as usual, of agricultural loans, relief works, paddy-husking schemes, and gratuitous relief

Agricultural loans.—Agricultural loans to the extent of Rs. 84,623 were distributed for drought relief, and, in addition, Rs. 53,227 for flood relief.

Relief works.—The district board of Jessore did not conduct test works as defined in the Famine Code but they took up the repair of district and local boards roads and construction of village pathways in affected areas so as to provide work for labourers These works were done through contractors at ordinary rates and cost the district board a sum of Rs 2,615 in the earlier part of 1936-37 and Rs 22,137 (including a sum of Rs 15,000 for roads in areas affected by floods) in the latter part of the same year and early in 1937-38

Paddy-husking schemes — Paddy-husking schemes on a moderate scale were opened in areas affected by flood and drought The total number of persons thus employed and maintained was 839 at a cost of Rs 1,415

Gratuitous relief —Gratuitous relief was given in cash in areas affected by drought during the period from April to July 1936 at a cost of Rs 1,687 which was met from charitable funds In the flood affected areas, relief was given through nine union relief committees in the form of doles of rice, in accordance with the procedure laid down in Chapter VIII of the Bengal Famine Code A sum of Rs. 703-9 was spent in this connection and a sum of Rs 332 was spent out of the Central Relief Fund for rebuilding houses which collapsed on account of floods in the Bongaon subdivision

Besides these measures the Subdivisional Officers of Bongaon and Jhenidah persuaded merchants and landlords to lend paddy on liberal terms and thus relieved distress to certain extent

5 Mr O M Martin, C I E, I.C.S, Additional Commissioner, Presidency and Burdwan Divisions, supervised the relief in this district as in other districts in West Bengal.

6 The Governor is satisfied that the measures undertaken to relieve distress in this district were adequate and successful The thanks of the Governor

are due to Khan Bahadur Fazlul Karim and Mr. P. D Martyn, I C S., the then Collectors of the district, who worked with energy and ability. His thanks are also due to Mr Syed Nausher Ali, Chairman of the district board of Jessore and to the other members of the board, for their cordial co-operation; and to the honorary workers who contributed to the successful working of the relief operations Government are pleased to direct that the good work done by Maulvi Hafizur Rahman, Subdivisional Officer, Magura, and Babu Nitya Gopal Roy, Subdivisional Officer, Bongaon, be recorded

Order.—Ordered that this resolution be published in the official gazette.

Once the amount of the pension has been fixed in conformity with the above condition the officer shall be entitled to receive the benefits of increments in his new scale or promotion to another scale or post without a further corresponding reduction in pension nor shall the amount of pension so fixed be varied during leave. PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

[As introduced in the Legislative Assembly.]

A Bill further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898, for a certain purpose

WHEREAS it is expedient further to amend the Indian Penal Code and the Code of Criminal Procedure, 1898, for the purpose hereinafter appearing, it is hereby enacted as follows — XLV of 1860 V of 1898

Short title

1. This Act may be called the Criminal Law Amendment Act, 1937

Amendment of section 176, Act XLV of 1860.

2. To section 176 of the Indian Penal Code, the following shall be added, namely — XLV of 1860

"or if the notice or information required to be given is required by rules made by the Provincial Government under the provisions of sub-section (3) of section 565 of the Code of Criminal Procedure, 1898, relating to the notification of residence or change of or absence from residence by released convicts, with imprisonment of either description for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both" V of 1898

Amendment of section 565, Act V of 1898.

3. Sub-section (5) of section 565 of the Code of Criminal Procedure, 1898, shall be omitted and sub-section (6) of that section shall be re-numbered as sub-section (5) V of 1898.

STATEMENT OF OBJECTS AND REASONS.

Under section 565 of the Code of Criminal Procedure, 1898, any person who has been convicted more than once of certain offences—e g , theft, robbery, dacoity, coining—and sentenced for a term of three years or upwards can be ordered to report his residence or any change of or absence from his residence to the police for a maximum period of five years after his release. A breach of this order is punishable under section 176 of the Indian Penal Code with simple imprisonment for a term which may extend to six months, or with fine which may extend to one thousand rupees, or with both. It has been reported that this punishment does not act as a deterrent to habitual offenders and that orders under section 565 of the Code of Criminal Procedure are frequently contravened. This Bill proposes to amend section 176 of the Indian Penal Code so as to make a specific provision therein for this offence and to alter the punishment therefor into one of imprisonment of either description for a term which may extend to six months or a fine which may extend to one thousand rupees or both. Consequential amendments are also made in sub-sections (5) and (6) of section 565 of the Code of Criminal Procedure.

A Bill further to amend the Indian Railways Act, 1890, for a certain purpose

WHEREAS it is expedient further to amend the Indian Railways Act, 1890, for the purpose hereinafter appearing, It is hereby enacted as follows — IX of 1890.

Short title

1. This Act may be called the Indian Railways (Amendment) Act, 1937

Insertion of new section 42B in Act IX of 1890

2. In the Indian Railways Act, 1890, after section 42A as inserted by the Government of India (Adaptation of Indian Laws) Order, 1937, the following section shall be inserted, namely — IX of 1890

Power of the Federal Railway Authority to fix maximum and minimum rates

"42B (*1*) The Federal Railway Authority may, from time to time, by general or special order, fix maximum and minimum rates for the whole or any part of a railway, other than a minor railway, and may prescribe the conditions in which such rates will apply

STATEMENT OF OBJECTS AND REASONS

This Bill is intended to remedy an omission in the Indian Railways Act of 1890 (as amended) This Act contains, at present, no provision that gives Government the power to prescribe maxima and minima rates and fares for railways in India Government has, however, exercised this power since the beginning of railway operation, over all railways in India, irrespective of whether they are owned or managed by itself or by private companies or by Indian States, local authorities, or provincial governments To give this power of the Central Government statutory recognition, until such time as a new Federal Railway Law is passed, or for a period extending for five years after the Federation, an amendment to the Indian Railways Act has been found necessary.

[As introduced in the Legislative Assembly.]

A Bill to consolidate the provisions of Muslim Law relating to suits by married Muslim women for dissolution of marriage and to remove doubts as to the effect of apostasy of a married Muslim woman on her marriage tie

WHEREAS it is expedient to consolidate the provisions of Muslim Law relating to suits by married women for dissolution of marriage and to remove doubts as to the effect of apostasy of a married Muslim woman on her marriage tie. It is hereby enacted as follows —

Short title, extent and commencement

1. (*1*) This Act may be called the Muslim Dissolution of Marriage Act, 193

(*2*) It shall apply to the whole of British India and shall come into force at once

Definitions

2. In this Act, unless there is anything repugnant in the subject or context, (*1*) "Maliki Law" shall mean Muslim Law as laid down by the "Maliki School", and (*2*) "Hanafi Law" shall mean Muslim Law as laid down by the "Hanafi School"

Grounds for dissolutions of marriage

3. A married Muslim woman may bring a suit against her husband for the dissolution of her marriage on any one or more of the following grounds —

(A) 1 That her husband is absconding and there is no provision for her maintenance or that her chastity is in danger due to his absence

2 That her husband is suffering from insanity of a dangerous type or leprosy

3 That her husband neglects or refuses to maintain her and she has no means to maintain herself

4 That her husband persistently treats her with unbearable cruelty

5 That she has to suffer from non-provision of maintenance or that her chastity is in danger on account of the absence or protracted incarceration of her husband

(B) 1 That being entitled to exercise her option of puberty, she has repudiated the marriage

2 That her marriage was void or invalid *ab initio* or has become invalid by virtue of some subsequent event

3 That her husband is impotent.

4. That her husband has accused her of unchastity

5. For any other reason which may be sufficient under Muslim Law for the dissolution of marriage

Rule of decision

4. (*1*) Suits brought on grounds mentioned in section 3 (A) shall be heard and decided according to Maliki Law

(*2*) Suits brought on grounds mentioned in section 3 (B) shall be heard and decided according to Hanafi Law.

Effect of conversion.

5. The conversion of a married Muslim woman to a faith other than Islam shall not by itself operate to dissolve her marriage

Trial of suits.

6. (*a*) Subject to the provisions laid down in the Code of Civil Procedure, 1908, regarding the trial of suits, a suit for the dissolution of marriage by a married Muslim woman shall be filed in the proper Court, provided that the presiding officer of that Court is a Muslim. V of 1908

(*b*) If the presiding officer of the Court mentioned in (*a*) be not a Muslim, then such a suit shall be filed in the Court of the District Judge, who may try it himself—if he is a Muslim—or send it for trial to any Muslim Judicial Officer in his District without any consideration for pecuniary or territorial jurisdiction.

(*c*) If the District Judge is not a Muslim himself and no Judicial Officer as mentioned in (*b*) above is available, then the District Judge shall send the case for trial to a Muslim Judicial Officer available in the nearest District.

(*d*) In case of transfer of a Muslim Judicial Officer pending the trial of a suit under this Act and his substitution by a non-Muslim Officer, the record of the case shall be sent back to the District Judge of the District where the suit was instituted and the said District Judge shall dispose of the case in accordance with (*b*) and (*c*) mentioned above.

(*e*) Appeals from the decision of the trial Court shall lie to the High Court and shall be heard and decided by a Muslim Judge of that Court.

STATEMENT OF OBJECTS AND REASONS

There is no provision in the Hanafi Code of Muslim Law enabling a married Muslim woman to obtain a decree from the Courts dissolving her marriage in case the husband neglects to maintain her, makes her life miserable by deserting or persistently maltreating her or absconds leaving her unprovided for and under certain other circumstances. The absence of such a provision has entailed unspeakable misery to innumerable Muslim women in British India. The Hanafi Jurists however have clearly laid down that in cases in which the application of Hanafi Law causes hardship, it is permissible to apply the provisions of the "Maliki, Shafi'i or Hambali Law." Acting on this principle the *Ulemas* have issued *fatwas* to the effect that in cases enumerated in clause 3, Part A of this Bill, a married Muslim woman may obtain a decree dissolving her marriage. A lucid exposition of this principle can be found in the book called "Heelat-un-Najeza" published by Maulana Ashraf Ali Sahib who has made an exhaustive study of the provisions of Maliki Law which under the circumstances prevailing in India may be applied to such cases. This has been approved by a large number of *Ulemas* who have put their seals of approval on the book.

As the Courts are sure to hesitate to apply the Maliki Law to the case of a Muslim woman, legislation recognizing and enforcing the above-mentioned principle is called for in order to relieve the sufferings of countless Muslim women.

As to cases covered by clause 3, Part B Hanafi Law makes the necessary provision for granting the appropriate relief.

Now remains the question of the personnel of the Courts giving decrees in dissolution of marriage cases. The Muslim Law requires that the decree should be passed by a Qazi who must be a "Mussalman." Under the present circumstances this is not possible, but it is possible to get such a suit decided by a Muslim presiding officer. To attain this object clause 6 has been added, which gives the available facilities to the litigants to get the dispute decided by a Muslim officer.

One more point remains in connection with the dissolution of marriages. It is this: the Courts in British India have held in a number of cases that the apostasy of a married Muslim woman *ipso facto* dissolves her marriage. This view has been repeatedly challenged at the bar, but the Courts continue to stick to precedents created by rulings based on an erroneous view of the Muslim Law. The *Ulemas* have issued *fatwas* supporting non-dissolution of marriage by reason of the wife's apostasy. The Muslim community has, again and again, given expression to its supreme dissatisfaction with the view held by the Courts. Any number of articles have been appearing in the press demanding legislation to rectify the mistake committed by the Courts, hence clause 5 is proposed to be incorporated in this Bill. Thus by this Bill the whole Law relating to dissolution of marriages is brought at one place and consolidated in the hope that it would supply a very long-felt want of the Muslim community in India.

In the end it may also be made clear that the procedure and conditions as laid down in this Bill are expected to satisfy all the schools of Muslim thought and so this Bill is made applicable to all Mussalmans residing in British India.

NOTIFICATION

No 1642Mis —14th March 1938 —In exercise of the powers conferred by clause (b) of sub-section (2) of section 241 of the Government of India Act, 1935, the Governor is pleased to make, in supersession of all previous rules issued on the subject, the following rules for the regulation of recruitment to the clerical service of the Secretariat and certain other offices of the Government of Bengal —

Rules for the regulation of recruitment to the clerical service of the Secretariat and certain other offices of the Government of Bengal.

Upper Division.

2 The Upper Division of the clerical service in the Secretariat is graded as follows:—

3 Vacancies which occur in the Upper Division of each department will be filled by the following methods.—

(a) Direct recruitment of candidates by means of a competitive examination which will be the same as that prescribed for the recruitment of the Bengal Civil Service (Executive) and other services in Bengal The rules regulating the recruitment of these services will apply in the case of direct recruitment of the Upper Division of the Secretariat

4. For the purpose of the selection of candidates under rule 3(b), the Director of Public Instruction shall be asked to submit, in consultation with the authorities of European colleges and schools, the names of two or three candidates for each vacancy who possess the qualifications prescribed From among these a selection will be made by the Secretaries at a meeting

Such selection shall be made only when there is no qualified European or Anglo-Indian candidate available on the results of the competitive examination referred to in rule 3(a) The department in which the vacancy occurs will arrange to get suitable nominations for making the selection

5 Candidates selected under rule 3(a) and 3(b) will be on probation for two years, during which they will draw pay at the rate of Rs 115 per month Candidates selected under rule 3(c) will on confirmation commence at the fifth stage in the time-scale of Rs. 115—20/2—215—25/2—290—20/2—350 for the Upper Division

(*2*) The lower posts of clerical service in the offices specified in rule 20 are graded as follows —

(*a*) (*i*) in the Secretariat Record Room a time-scale of pay Rs. 60—5/2—70—6/2—130 with an efficiency bar after the 14th stage,

Newly appointed assistants will be on probation for two years

(*b*) There are certain posts on higher scales of pay in all these offices to which assistants of merit in the lower scale may be promoted

7 The vacancies which occur in the Lower Division of the departments of the Secretariat will be filled up by means of a competitive examination In special cases, as laid down in rules 14 and 15, appointments may be made by nomination

8 The examination will be held in the month of August of each year The arrangement for the examination will be made by the Bengal Public Service Commission.

BEFORE THE COMMISSIONERS APPOINTED UNDER PARAGRAPH 4, PART III, THE GOVERNMENT OF INDIA (PROVINCIAL ELECTIONS) (CORRUPT PRACTICES AND ELECTION PETITIONS) ORDER, 1936.

NOTIFICATION.

Pursuant to the provisions of Rule 30(2) of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, the following election petition presented under Rule 26 thereof is published for information.

N G. A. EDGLEY,
President.

The 30th March 1938.

To HIS EXCELLENCY THE RIGHT HON'BLE LORD BRABOURNE, G.C.S.I., G.C.I.E., M.C., Governor of Bengal.

In the matter of the Government of India Provincial Elections (Corrupt Practices and Election Petitions) Order, 1936, Part III, Paragraph 3,

and

In the matter of an election petition for setting aside the election of Maulvi Zahur Ahmed Choudhuri who was declared elected on 2nd December 1937 to the Bengal Legislative Assembly from the Malda North (Rural) Muhammadan Constituency to fill up the vacancy caused by the election having been declared void under notification No. 12164A R., dated 31st August 1937,

and

In the matter of an election petition for decision of doubts and disputes as to the validity of the aforesaid election,

and

In the matter of **Sher Mohammed Sarkar,** son of Jhaksu of Mahanandapur, police-station Kharba, district Malda (elector), *petitioner*,

versus

Moulvi Zahur Ahmed Choudhuri, son of late Shah Muhammad Choudhuri, of Makdumpur, district Malda (returned candidate), *respondent*.

The humble petition of the abovenamed elector petitioner,

Most respectfully sheweth —

1. That Your Excellency's petitioner is and was a duly qualified voter being No. 533 of No. I Mahanandapur union board, police-station Kharba, district Malda, Male Voters' List prepared for the Malda North (Rural) Muhammadan Constituency and as such was entitled to vote for the election of a member to the Bengal Legislative Assembly from the said Constituency in the election that was held on 15th and 16th November 1937 in pursuance of the notification published in the *Calcutta Gazette Extraordinary*, dated 15th September 1937, in accordance with Rule 121, Part XI of the Bengal Electoral (Conduct of Elections) Rules, 1936.

2. That the petitioner as an elector was also entitled to stand as a candidate to contest the said election.

3. That the candidates for the said election from the said Constituency for one seat were.—

(1) Khan Bahadur Abul Hayat Khan.
(2) Dr. Kalimuddin Ahmed.
(3) Mr. K. Ahmed, Barrister-at-Law.
(4) Reazuddin Ahmed.
(5) Shah Zaman.
(6) Zahur Ahmed Choudhuri.
(7) Raisuddin Ahmed.

4. That the 27th September 1937 was fixed for the nominations of candidates and 29th September 1937 was fixed for the scrutiny of nomination.

5. That under Rule 3 of Part 1 of the Bengal Legislative Assembly Electoral (Preparation, Revision and Publication of Electoral Rolls) Rules, 1936, the Sadar Subdivisional Magistrate was appointed the Returning Officer and under Rule 4 the Magistrate next in rank to the Subdivisional Magistrate was authorised to perform the functions of the Returning Officer subject to the proviso thereof.

6. That the Returning Officer was all along present and was not in any way or unavoidably prevented from performing his functions as such

7 That the said Returning Officer did not give public notice of the intended election notified in the Gazette Extraordinary aforesaid in accordance with Rule 4, sub-rule 3 of Part II of the Bengal Electoral (Conduct of Elections) Rules, 1936.

8 That it now appears that the District Magistrate, Malda, Major I Stuart assumed the jurisdiction of the Returning Officer without any authority in clear violation of the Rule for the appointment of the Returning Officers and issued a public notice in Form No. I

9 That in pursuance of the said public notice some of the candidates named above filed nomination papers before the District Magistrate and the respondent also submitted his nomination paper before him

10 That on 27th September 1937 the respondent having apparently realised the illegal procedure adopted by the District Magistrate in exercise of jurisdiction not vested in him by law submitted another nomination paper before the Sadar Subdivisional Magistrate who was specifically appointed the Returning Officer by notification No 7271-A R, dated 19th March 1937

11 That the following candidates, namely, (1) Khan Bahadur Abul Hayat Khan, (2) Dr Kalimuddin Ahmed, (3) Reazuddin Ahmed, (4) K Ahmed, Barrister-at-Law, (5) Shah Zaman did not submit their nomination papers to the Returning Officer but they filed them before the District Magistrate and those nomination papers were sent to the Subdivisional Magistrate at the scrutiny held on 29th September 1937

12 That the petitioner like many other electors were looking for the public notice duly issued by the Returning Officer, but no such notice having been issued this petitioner believes that some intending candidates did not file nomination papers before the District Magistrate who they knew was not the Returning Officer

13 That of the candidates named in paragraph 3 two candidates withdrew their candidature and this petitioner believes and is informed that they did so on the apparent apprehension that the scrutiny held by the Returning Officer without a proper and valid notice was clearly illegal and the resulting election would be void

14 That the Returning Officer scrutinised the nomination papers which were filed before the District Magistrate also with the duplicate nomination paper filed by the respondent and the one of Maulvi Raisuddin Ahmed who did not file nomination paper before the District Magistrate

15 That the petitioner believes that the Returning Officer not having himself published the public notice had no jurisdiction to receive the nomination papers sent by the District Magistrate or to consider the nomination papers filed before him on 27th September 1937 after the discovery of the illegality committed by the District Magistrate

16 That in consequence of the illegal procedure adopted by the District Magistrate some probable candidates have been deprived of an opportunity of standing as candidates and the electors have been deprived of exercising their franchise in favour of a candidate who could not stand as a candidate on account of that misleading public notice

17. That as a result of the illegal public notice the choice of the electors was materially limited and the result of the election has been consequently materially affected.

18. That the petitioner submits that the respondent's election was void and was not free.

The petitioner therefore prays that Your Excellency would be graciously pleased to appoint Commissioners for the consideration of this petition for setting aside the election of Maulvi Zahur Ahmed Choudhuri, respondent, on the following amongst other

Grounds.

I For that the sub-rule 3 of Rule 4 of Part II of the Bengal Electoral (Conduct of Elections) Rules, 1936, having not been complied with the entire proceeding leading to the declaration of the result of the election held on 15th and 16th November 1937 in favour of the respondent is wholly void and the election cannot be held to be valid

II For that the public notice issued by the District Magistrate, Malda, was not a valid notice and the nomination papers filed before him in pursuance of the said notice were not valid nomination papers and the Subdivisional Magistrate had no jurisdiction to entertain and accept them as he had not issued public notice and those nomination papers were not received by him in accordance with his notice

III For that the election has been materially affected by the improper acceptance of the nomination papers which were filed in violation of the provision of the Government of India Act and the Order in Council relating to the election

IV For that the illegality in the matter of publication of notice by the District Magistrate has materially affected the election in-as-much as intending candidates had no valid notice about the date for filing nomination papers and did not consequently file their nomination papers

V For that the election was materially affected in consequence of the illegality committed by the District Magistrate in the following way —

(a) That the acceptance of the nomination papers filed before the District Magistrate having enabled five of the candidates to go to the polls and contest the election the electors were considerably confused and a proper candidate could not be elected

(b) That inasmuch as some likely candidates were in expectation of a valid public notice issued by the Returning Officer they could not file nomination papers and were thus precluded from availing themselves of an opportunity of contesting the election

(c) That some of the probable candidates having been misled by the public notice of the District Magistrate the choice of the electors was limited with the result that the election could not be free and the best candidate could not be returned

VI For that assuming that the District Magistrate committed a mistake in assuming jurisdiction not vested in him by law the result of the election has been materially affected by such mistake.

19. That the requisite chalan is annexed herewith.

Verification.

I, Sher Mohammed Sarkar, son of Jhaksu, of village Muhanandapur, police-station Kharba, district Malda, do hereby declare that the statements made in paragraphs 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, first part of 13, 14, 19 are true to my knowledge and those made in paragraph 12, second part of 13, 15, 16, 17, 18 are true to my information which I believe to be true and I sign this verification at Calcutta this 26th day of January 1938.

NOTIFICATION.

24-Parganas.—No 1196P H—25th March 1938—Whereas the Governor of Bengal is satisfied that the municipality of Rajpur in the district of 24-Parganas is threatened with an outbreak of cholera:

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (*1*) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Governor of Bengal is pleased to prescribe the following temporary regulations for the prevention and control of cholera, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, cholera in the said district for a period of four months:—

Temporary regulations for the prevention and control of cholera.

1 In these regulations, unless there is anything repugnant in the subject or context—

(*a*) "Sanitary Inspector" means a Sanitary Inspector appointed by the Rajpur Municipality,

(*b*) "suspected cholera" means any disease accompanied by vomiting and diarrhoea,

(*c*) "patient" means a person suffering from or suspected to be suffering from cholera,

(*d*) medical practitioner means any person practising the medical profession.

2 Whenever any land is held jointly by two or more persons, whether as owners or occupiers of that land such persons shall be held jointly and severally liable for carrying out any measure ordered in a notice under these regulations and the names of any one or more of such joint-holders may be entered upon such notice at the discretion of the Sanitary Inspector and the Sanitary Inspector shall not be bound to enter the names of all the joint holders in the notice

Notices.

3 If in any case the Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out

4 If any measure which the Sanitary Inspector has, by a notice issued under these regulations required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Sanitary Inspector shall be entitled to carry out the measure

Costs and compensation.

5 (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person.

Provided that where the conditions, which led the Sanitary Inspector to pass such an order, are not attributable to any act or default of the persons in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Sanitary Inspector in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6 The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Sanitary Inspector

(2) The doctor-in-charge of a hospital or a dispensary within the municipality shall forthwith give notice of any case of cholera brought to such hospital or dispensary for treatment to the Sanitary Inspector by a special messenger and the cost of such messenger in each case shall be defrayed by the municipality

9 Registrars of births and deaths shall supply to the Sanitary Inspector such periodical returns of cases of cholera as he may from time to time call upon them to furnish

10 The Sanitary Inspector may examine any person who is, or suspected to be, suffering from cholera or who, in his opinion, may be infected with or likely to spread cholera

Isolation of patients and evacuation of houses, etc.

11 When the Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier

of the house in which the patient is staying, to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the Sanitary Inspector.

(3) [*Unless the decree-holder, certificate-holder, purchaser or mortgagee, as the case may be, is the sole landlord*] A Court or Revenue-officer shall not confirm the sale of such a holding or portion or share thereof put to sale in execution of a decree or a certificate signed under the Bengal Public Demands Recovery Act, 1913, and no Court shall make a decree or order absolute for foreclosure of a mortgage of such a holding or portion or share thereof, until the purchaser or the mortgagee, as the case may be, files a notice or notices and deposits a process fee or fees similar to those referred to in sub-section (1).
